Impact of Covid restrictions on children and young people

2 Many children already live in dangerous circumstances and have been forced to stay at home in places where they are likely to be scared or in danger: 50,000 children are on child protection plansvi and 830,000 children live in homes where domestic abuse had taken place in the last yearvii Issues will be amplified by the removal of many of the support networks and places of safety which are

Restatement of the Law Children and the Law

Children's authority to make decisions and act on their own behalf is circumscribed by the decisionmaking authority granted to parents and school officials There are, however, certain contexts in which children can exercise greater control, particularly as they approach the relevant age line between childhood and adulthood

Practical Guidelines for Plyometric Intensity

larly for children, older adults, or those who are untrained Obviously, exercise intensity is an important consideration as well Eighty foot contacts of a variety of line hops, cones, and ankle hops is dramatically less intense than 80 foot Plyometrics Practical Guidelines For Plyometric Intensity Table 1
