From one of the most respected names in Catholic Apologetics, Patrick Madrid, comes the new book *How to Do Apologetics: Making the Case for Our Faith*. And it couldn't be more timely. Seismic cultural shifts and increased attacks on religious liberty often place Christians in the uncomfortable position of having to defend their beliefs — even their belief in God — when their Faith is called into question by atheists, agnostics, Protestants, or people from other religions. This book is the apologist's toolkit covering all the topics you need to understand and apply Patrick Madrid's own successful approach to giving reasons to believe. Using logic, arguments, and evidence to defend the Truth Apologetics with atheists, moral relativists, and non-Christians
Special advice and examples for use with Protestants, as well as lukewarm or inactive Catholics
Proven strategies for responding graciously to opponents
Making a compelling case for God, Jesus Christ and the Catholic Church
What you need to do apologetics well
PLUS: Patrick Madrid's recommended books & CDs, and a glossary of key apologetics terms!
Patrick Madrid shows how YOU can demonstrate confidently and effectively that Catholic teaching is reasonable, consistent, and compelling.

As the founder and director of the Courage and Encourage support groups, Fr. John Harvey is aware of the sensitive nature of homosexuality. With his extensive experience ministering to those with same-sex attraction, Fr. Harvey presents the Church's teaching in an objective and pastorally-sensitive manner. Priests, religious, and laity alike will benefit from the many questions considered here, including: What is the basis of the Church's teaching regarding homosexuality? What do many consider to be the cause of same-sex attraction? Can a person overcome same-sex attraction? Why is it important for civil law to limit marriage to one man and one woman? How can a person live the virtue of chastity joyfully?

The Real Story of Catholic History

"How can you believe all this stuff? This is the number-one question Catholics get asked and, sometimes, we ask ourselves. Why do we believe that God exists, that he became a man and came to save us, that what looks like a wafer of bread is actually his body? Why do we believe that he inspired a holy book and founded an infallible Church to teach us the one true way to live? Ever since he became Catholic, Trent Horn has spent a lot of time answering these questions, trying to explain to friends, family, and total strangers the reasons for his Catholic faith. Some didn't believe in God, or even in the existence of truth. Others said they were spiritual but didn't think you needed religion to be happy. Some were Christians who thought Catholic doctrines over-complicated the pure gospel. And some were fellow Catholics who had a hard time understanding everything they professed to believe on Sunday. Why We're Catholic assembles the clearest, friendliest, most helpful answers that Trent learned to give to all these people and more. Beginning with how we can know reality and ending with our hope of eternal life, it's the perfect way to help skeptics and seekers (or Catholics who want to firm

up their faith) understand the evidence that bolsters our belief and brings us joy" --

Today's New Atheists don't just deny God's existence (as the old atheists did) - they consider it their duty to scorn and ridicule religious belief. We don't need new answers for this aggressive modern strain of unbelief: We need a new approach. In *Answering Atheism*, Trent Horn responds with a fresh and useful resource for the God debate, based on reason, common sense, and more importantly, a charitable approach that respects atheists' sincerity and good will, making this book suitable not just for believers but for skeptics and seekers too. Meticulously researched, and street-tested in Horn's work as a pro-God apologist, it tackles all the major issues of the debate, including: -Reconciling human evil and suffering with the existence of a loving, all-powerful God -Whether the empirical sciences have eliminated the need for God, or in fact point to him -How atheists usually deny moral laws (and thus a moral lawgiver) in theory

The presence of the Catholic Church in the United States reaches back to the founding days of our country through the leadership of Archbishop John Carroll, the first Catholic bishop in the United States. His story like the stories at the start of each chapter in the *United States Catholic Catechism for Adults* give us a glimpse into the lives of Catholics who lived out their faith throughout our country's history. Each chapter in the *Catechism for Adults* includes stories, doctrine, reflection, quotations, discussion questions, and prayer to lead the reader to a deepening faith. The *Catechism for Adults* is an excellent resource for preparation of catechumens in the Rite of Christian Initiation of Adults and for ongoing catechesis of adults.

The Bible Is a Catholic Book

A book for nonbelievers who embrace the reality-driven life. We can't avoid the persistent questions about the meaning of life-and the nature of reality. Philosopher Alex Rosenberg maintains that science is the only thing that can really answer them—all of them. His bracing and ultimately upbeat book takes physics seriously as the complete description of reality and accepts all its consequences. He shows how physics makes Darwinian natural selection the only way life can emerge, and how that deprives nature of purpose, and human action of meaning, while it exposes conscious illusions such as free will and the self. The science that makes us nonbelievers provides the insight into the real difference between right and wrong, the nature of the mind, even the direction of human history. *The Atheist's Guide to Reality* draws powerful implications for the ethical and political issues that roil contemporary life. The result is nice nihilism, a surprisingly sanguine perspective atheists can happily embrace.

The Confessions of St. Augustine

"Where Is That in the Bible?" Fundamentalists and many other Protestants use this question all the time, particularly when they're dealing with Catholics. When they are being trained how to talk with Catholics, Fundamentalist evangelizers are taught to use this question. They see it as the "master key" to defeating Catholics. Countless Catholics are absolutely stumped by the question and don't know what to say in response. This is a very important principle in Protestant thought. It's the idea that we should do our theology "by Scripture alone." It even has a fancy Latin name "sola scriptura." It's time for Catholics to stop being beaten up with the Fundamentalists' favorite question. That's why Catholic Answers has published the book 100 Biblical Arguments Against Sola Scriptura by well-known apologist Dave Armstrong. This powerful new book contains just that Biblical arguments. These are the kind that you need to get through to a Fundamentalist. After all, if they're locked into the "Bible only" view, they won't even listen to appeals from other sources. That's why you need the kind of precise, Biblically-based takedown of sola scriptura that Armstrong provides.

20 Answers: the Papacy

The Priority of Christ

Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. -- From publisher description.

This document's purpose is to spell out the Church's understanding of the nature of revelation--the process whereby God communicates with human beings. It touches upon questions about Scripture, tradition, and the teaching authority of the Church. Why We're Catholic

A Major Statement on Christology from Bishop Robert Barron For a long time, Christians have tried to bridge the divide between Christianity and secular liberalism with philosophy and theology. Bishop Robert Barron shows that the answer to this debate--and the way to move forward--lies in Jesus. Barron transcends the usual liberal/conservative or Protestant/Catholic divides with a postliberal Catholicism that brings the focus back on Jesus as revealed in the New Testament narratives. Barron's classical Catholic postliberalism will be of interest to a broad audience including not only the academic community but also preachers and general readers interested in entering the dialogue between Catholicism and postliberalism. The hardcover edition includes a new preface by the author. Praise for *The Priority of Christ*

Epic

Anti-Catholics like to paint Church teachings in a way that makes them seem vain, backward, or superstitious, all in the hope of drawing people out of the Faith and into sects or unbelief. Catholic apologists fight back with facts and sound arguments. But there's another area where the Church's enemies tell their own false story of Catholicism: its history. Whether it's from the media, classrooms, or out of the mouths of pastors and politicians, we've all heard a version of Catholic history filled with unrelenting violence, ignorance, worldliness, and bigotry. It's enough to make many believers question whether the Church truly was founded by Christ. This kind of attack requires no less of a response from those who know the truth. In *The Real Story of Catholic History*, Steve Weidenkopf gives it to you. Weidenkopf (*The Glory of the Crusades*) collects over fifty of the most common and dangerous lies about Catholic history and, drawing on his experience as a historian and apologist, shows how to answer them simply and powerfully. Whether its claims about Catholicism's supposedly pagan origins, old myths about Galileo or the Inquisition that never seem to go away, or more modern misconceptions that anti-Catholics cynically exploit, *The Real Story* provides the desperately needed corrective. Packed with research and diligent in pursuit of the truth, while never whitewashing or explaining away the Church's past faults when they're found, *The Real Story of Catholic History* is an essential resource for every Catholic's bookshelf.
