The Bible a Miracle

The Congregational Quarterly

The translation of the Bible into English in the 16th century was one of the most important events in English history. Hill explores the influence the Bible had 100 years later on social, agrarian, foreign, and colonial policies during the 17th-century revolution. His enlightening text helps readers gain a better understanding of England's most controversial century.

An Appeal from the Absurdities and Contradictions which Prevade, and Deform the Old Theory of English Grammar, to the True Constructive Principles of the English Language

Lucilla; or, The reading of the Bible, tr. from the French

There isn't just one Bible: there are many sacred books to be found all over the globe that claim to be the word of God, that purport to offer the only true path to eternal life, and that name all disbelievers in them as infidels. But they can't all be right, and in this foundational work of modern atheism, American spiritualist KERSEY GRAVES (1813-1883) lays out, in clear, concise, often mocking terms, the basis for denying the divine inspiration of all of them. Discover. . seven obscure Oriental Bibles . the "infidels" Bible . the moral defects of the Ten Commandments . unfulfilled Bible prophecies . errors in Bible facts and figures . 277 Bible contradictions . heathen customs appropriated by God . the impossibility of a person God . and much more. This is essential reading for students of comparative mythology and modern freethinkers. Also available from Cosimo: Graves's The Biography of Satan and The World's Sixteen Crucified Saviors

Can we prove that the Bible makes false claims? Do the gospels all agree on details in the life, death, and resurrection of Jesus? Does the Bible ever exaggerate historical facts? Do its moral teachings justify it being called "The Good Book?" Written by an ex-fundamentalist and graduate of Liberty University, this book goes straight to the evidence and presents a concise case-by-case analysis of the most salient irrationalities in the Christian Scriptures. With insightful commentary concerning frequent rebuttals used by apologists, it makes a solid case against evangelical claims to inerrancy. A valuable resource for believers and skeptics alike. Also included are examples of bogus prophecies and scribal manipulations of the New Testament.

The Bible of Bibles

Slavery Sanctioned by the Bible

The Bible of Bibles

Public Discussion of the Issues Between the Reorganized Church of Jesus Christ of Latter Day Saints and the Church of Christ (Disciples)

### Conflict of the Nineteenth Century---The Bible and Free Thought

Why did God turn Lot's wife into a pillar of salt? Were there no other seasonings available? Why don't we know anything about the early years of Jesus? Did someone lose his baby book? Who reported the desert encounter between Jesus and Satan? Jesus-or Satan? And why does the Holy Spirit like to show up as a bird? As irreverent as the musical *The Book of Mormon*, Dr. Joe Wenke's *You Got to Be Kidding! a Radical Satire of the Bible* is an engaging, provocative and hilarious investigation into the bestselling book of all time. Written to "cause trouble" cultural arsonist Wenke, a keen observer of human gullibility, tempts readers to more closely examine the stories they think they know about the Bible. Drawing upon the same pool of incendiary and cerebral humor as Bill Maher, Jon Stewart and the late, great George Carlin, *YOU GOT TO BE KIDDING* is a call for humor to restore our sanity and our ability to think for ourselves. Just as it was written in the Bible-or was it?

### The English Bible and the Seventeenth-century Revolution

Can we prove that the Bible makes false claims? Do its moral teachings justify it being called "The Good Book?" Has the text been modified throughout the centuries? What about all those prophecies? Written by a linguist, ex-fundamentalist graduate of Liberty University, this book goes straight to the evidence and presents a concise case-by-case analysis of the most salient problems in the Christian Scriptures. With insightful commentary concerning frequent rebuttals used by apologists, it makes a solid case against evangelical claims to inerrancy. This 2nd edition has a much improved third chapter, providing

The Rappers: Or, the Mysteries, Fallacies, and Absurdities of Spirit-Rapping, Table-tipping, and Entrancement. By a Searcher After Truth

The Bible and Spiritual Criticism

Discussion on the Authenticity of the Bible

Callahan strictly interprets the Bible through the lens of comparative mythology, where the mythic content of Biblical stories is illustrated as a way to understand the purpose the stories served for the people who wrote them. Biblical history is merely a mythic representation of human psychology and meaning-making in human conscience. Callahan contends that most of the histories and stories were

written and manipulated centuries after the events described. He cautions against literal interpretation of the Bible, but seeks to understand why society validates the myth.

### Decorations and Absurdities

### The Absurdities of Evolution

### The Bible and the people

The Bible is not the word of God. Biblical Nonsense is a broad look at the tremendous problem of associating divinity with the world's most popular book. This part-philosophical, part-scientific overview explores the Bible's divine treachery, scientific mistakes, historical errors, false prophecies, and comical absurdities. Biblical Nonsense also expands beyond these standard reasons for skepticism by tackling the rationale behind the emergence and perpetuation of Christianity, psychological and sociocultural reasons that drive Christians to cling to their beliefs, and illogical methods of argumentation invoked in the defense of the Bible. Author Dr. Jason Long is a former Christian who condenses the most significant biblical problems into this single volume. Unlike other books in the field that delve into only one topic, this manuscript, comprehensible even to those who have never opened a Bible, is a full-fledged attempt to demonstrate that God's supposed word is a product of human minds, not divine inspiration. Dr.
