Canada and the First World War

The First World War is often credited as being the event that gave Canada its own identity, distinct from that of Britain, France, and the United States. Less often noted, however, is that it was also the cause of a great deal of friction within Canadian society. The fifteen essays contained in *Canada and the First World War* examine how Canadians experienced the war and how their experiences were shaped by region, politics, gender, class, and nationalism. Editor David MacKenzie has brought together some of the leading voices in Canadian history to take in-depth looks into the tensions and fractures the war caused and to address the way some attitudes and perceptions about the country were changed while others remained the same. The essays vary in scope, but are strongly unified so as to create a collection that treats its subject in a complete and comprehensive manner. *Canada and the First World War* is a tribute to esteemed University of Toronto historian Robert Craig Brown, one of Canada's greatest authorities on World War One, and the contributors include a cross-section of his friends, colleagues, contemporaries, and former students. Together, they provide a fitting tribute to a scholar who has contributed greatly to Canadians' understanding of their past. The collection is a significant contribution to the on-going re-examination of Canada's experiences in war.

political scientists, historians, journalists, and book collectors. In this volume Henderson provides comprehensive lists of books, articles, and other material written by King or about him and his era, and includes a series of appendices relating to studies on King and miscellaneous material pertaining to his life and career. In addition, Henderson provides a list of unsigned articles by King that appeared in newspapers and periodicals, and of sound recordings and motion picture footage relating to him. Finally, he identifies all forewords and prefaces written by King, plays written about him, and books and poems dedicated to him.
