## Mastering Arabic 1 Activity Book

Reading Latin, first published in 1986, is a bestselling Latin course designed to help mature beginners read classical Latin fluently and intelligently. It does this in three ways: it encourages the reading of continuous texts from the start; it offers generous help with translation at every stage; and it integrates the learning of classical Latin with an appreciation of the influence of the Latin language upon English and European culture from antiquity to the present. The Text and Vocabulary, richly illustrated, consists at the start of carefully graded adaptations from original classical Latin texts. The adaptations are gradually phased out until unadulterated prose and verse can be read. The accompanying Grammar and Exercises volume completes the course by supplying all the grammatical help needed, and the second edition has been fully revised and updated. It has also been extensively redesigned to make it clearer and easier to navigate.

## English for Everyone: English Vocabulary Builder

Arabiyyat al-Naas (Part One) offers a groundbreaking introduction to Arabic as it is written and spoken by native speakers. It combines a progressive and rigorous grounding in Modern Standard Arabic (MSA) – the form employed for reading, writing and formal speaking – with an innovative integration of the spoken Levantine variety used in everyday situations in Syria, Lebanon, Jordan and Palestine. Introducing the two simultaneously – Arabiyyat al Naas (Part One) uses each in its proper context: Levantine for conversations and MSA for reading and writing activities. In this way, the course efficiently prepares students for the practical realities of learning and "living" Arabic today. Features include: 21 theme-based units covering all the core topics expected in a first-year Arabic course, such as countries, clothes, colors, family and professions a broad range of stimulating activities and exercises fostering active engagement with the course and the development of comprehension and communication skills comprehensively covers the 5 Cs: communication, culture, connections, comparisons and communities a free DVD filmed on location in Jordan, presenting over 40 videos and incorporating a wide variety of entertaining and realistic scenarios a free companion website ([www.routledge.com/cw/younes](http://www.routledge.com/cw/younes)) offering a wealth of additional instructor and student resources, including a teacher's guide, an introduction to the letters and sounds of Arabic (with audiovisual aid and writing demonstrations), audio recordings of songs and listening passages, video clips, sample tests, an answer key and language games clear explanations of grammatical structures and concepts as they occur in the reading and listening materials to encourage progressive learning and active interaction with the text a user-friendly and vibrant full colour text design, richly illustrated throughout with over 200 illustrations and photographs songs with simple lyrics tied to the themes of the course to help advance vocabulary acquisition and understanding of basic grammatical structures. Written by a dynamic author team and tested over a number of years at Cornell University, Arabiyyat al-Naas (Part One) will be an essential resource for students beginning to learn Arabic. While primarily designed for classroom use, the accessibility of the course and website also renders it highly suitable for independent study. This volume is the first in an exciting three-part series of Arabic textbooks which together provide a complete three-year undergraduate language program.

### Trumpet Voluntary Level 6

An invaluable text in language and linguistics because it has a unique scope: a one-volume description of the Spanish language and its differences from English, and ranges from pronunciation and grammar to word meaning, language use, and social and dialectical variation. Designed for survey courses in Spanish linguistics with technical concepts explained in context for beginners in the field, Spanish/English Contrasts brings out the ways in which insights into the two languages have evolved as scholars have built on the work and research of others in the field. A bilingual glossary of linguistic terms is provided to facilitate discussion in either language. This second edition is thoroughly updated to incorporate insights and issues that have come to the fore from the explosion of research in the past twenty-five years in all of the areas covered by the book. It includes an expanded bibliography and index, and adds new exercises for student application and class discussion. Its approach remains broadly based however, in order to accommodate a range of areas and data rather than focusing narrowly on one single theory or research area, and it continues to emphasize implications for language teaching, translation, and other practical applications.

### Al-Kitāb Fī Taʿallum Al-ʿArabīya

How do you build successful professional connections with colleagues from Mexico? While most books focus simply on how to avoid common communication mistakes, this book leads its readers to an understanding of how to succeed and thrive within the three cultures, Mexico, the US, and Canada. Kelm, Hernandez-Pozas and Victor present a set of practical guidelines for communicating professionally with Mexicans, both in Mexico and abroad, providing many photographs as examples. The Seven Keys to Communicating in Mexico follows the model of presenting key cultural concepts used in the earlier books by Kelm and Victor on Brazil and (with Haru Yamada) on Japan. Olivia Hernandez-Pozas, Orlando Kelm, and David Victor, well-respected research professors and seasoned cross-cultural trainers for businesspeople, guide readers through Mexican culture using Victor's LESCANT Model (an acronym representing seven key cross-cultural communication areas: Language, Environment, Social Organization, Contexting, Authority, Nonverbal Behavior, and Time). Each chapter addresses one of these topics and demonstrates how to evaluate the differences among Mexican, US, and Canadian cultures. In the final chapter the authors bring all of these cultural interactions together with a sample case study about business interactions between Mexicans and North Americans. The case study includes additional observations from North American and Mexican business professionals who offer related suggestions and recommendations.
