his life in a remote Aboriginal community on Australia's farthest shore. Roger's chosen motto, still pinned up in Borroloola, was 'Man's greatness is the fewness of his needs.' In his journey through the Gulf of Carpentaria searching for Roger, Nicholas Jose also met a young Gangalidda man, Murrandoo Yanner, representative of some of the most deprived Aboriginal communities in Australia who has committed himself to fighting for his people's rights in their vast and beautiful traditional territory. This book is the absorbing response of a modern writer to his own heritage.

Black Sheep of the Family

From New York Times bestselling author Meghan March comes a story of untold truths and one man's redemption in the Dirty Mafia Duet. Every family has a black sheep. In the infamous Casso crime family, that black sheep is me—Cannon Freeman. Except I'm not a free man. I've never been free. Not since the day I was born. I owe my loyalty to my father, Dominic Casso, even if he won't publicly acknowledge me as his blood. I've never had a reason to go against his wishes... until I met her. Drew Carson turned my world upside when she walked into my club looking for a job. Now, my honor and my life are on the line. Going against my father's wishes might buy me a bullet straight from his gun, but black sheep or not, it's time to make my stand. She's worth the fallout.

Shaking the Family Tree

Black Sheep One is the first biography of legendary warrior and World War II hero Gregory Boyington.

In 1936, Boyington became an aviation cadet and earned the “wings of gold” of a naval aviator. After only a short period on active duty, however, he was “encouraged” to resign from the Marine Corps due to his unconventional behavior. Remarkably, this inauspicious beginning was just the prologue to a heroic career as an American fighter pilot and innovative combat leader. With the onset of World War II, when skilled pilots were in demand, he became the commander of an ad hoc squadron of flying leathernecks. Led by Medal of Honor winner Boyington, the legendary Black Sheep set a blistering pace of aerial victories against the enemy. Though many have observed that when the shooting stops, combat heroes typically just fade away, nothing could be further from the truth for Boyington. Blessed with inveterate luck, the stubbornly independent Boyington lived a life that went beyond what even the most imaginative might expect. Exhaustively researched and richly detailed, here is the complete story of this American original. From the Paperback edition.

Here, in his own words, is the true story of America's wildest flying hero, of his extraordinary heroism, and of his greatest battle of all—the fight to survive. The World War II air war in the Pacific needed tough men like Colonel Pappy Boyington and his Black Sheep Squadron. The legendary Marine Corps officer and his bunch of misfits, outcasts, and daredevils gave new definition to “hell-raising”—on the ground and in the skies. Pappy himself was a living legend—he personally shot down twenty-eight Japanese planes, and won the Congressional Medal of Honor and the Navy Cross. He broke every rule in

The Black Sheep and the Rotten Apple

In this anthology of life narratives, we share our unique stories about becoming homeless, the things we experienced while we were homeless, and our hopes and dreams for the future. All of us have experienced some form of extreme trauma such as serious physical or sexual assault, witnessing severe injury or death, being involved in a life-threatening accident, or having combat experience in a war zone. Many of us have turned to alcohol and drugs to help blunt the effects of these experiences. It is our hope that the real story will help people come to understand and appreciate that being homeless is a condition, not a choice.

In 1977, Tom McGrath crossed the United States in the record time of 53 days and seven minutes. Few would have guessed that he was a bar owner or that he would fight harder to stay sober than he ever did to keep running. With countless charity runs organized all over the world and his 10th bar still up and running in New York City, the question still remains, "Who is Tom McGrath?" "A compelling tale of an authentic man. Tom McGrath has lived a life with two great themes, one as a fearless ultramarathon runner, the other a harrowing descent into alcoholism. His is a story of rare heroic athletic achievement and personal survival. I could not put it down." - David Blaikie Ultra marathon World "A monument whose inscription offers truth to all who visit: the drinker;the smoker;the athlete; the Christian; the philosopher." - Jesse Riley Trans-Am Race Director 92-96"

The fun and fascinating follow-up to the international bestseller Red Herrings and White Elephants Why do people put their "skeletons in a closet," "have a hunch," "get the cold shoulder," "get dressed up to the nines," or "call a spade a spade?" These phrases are used every day, yet most people have little or no idea where most of them come from. In Black Sheep and Lamé Ducks, Albert Jack takes readers on a journey through the curious- and often bizarre-origins of hundreds of their favorite idioms and expressions. For example, "wearing your heart on your sleeve" comes from the Middle Ages, when a lady would "give her heart" in the form of a handkerchief pinned to the sleeve of a knight who was about

“This is the story of the groundwork that paved the way to my faith. It is not an easy story to tell....” This powerful memoir from Grammy Award winner Ashley Cleveland reminds us that even in the lowest times of our lives, beauty can shine through. As a young woman from a deeply flawed family, Ashley had little hope she would amount to anything. If there was trouble, near or far, she found it. Yet, in her destructive days of drugs, alcohol, and sex, she encountered a forgiving God who was relentlessly faithful. Change did not come quickly. The brokenness did not disappear. But little by little, Ashley allowed God to heal her, to transform her desires, to bring courage to others through her journey. Little by little, she saw that it was her brokenness itself that God wanted to use. This beautifully told story will take you from the back rooms of Nashville to the churches of the San Francisco Bay area to a tender new life where one woman discovers that God can work in broken places.

Next he claimed Cleo as his own. But now I've returned, and nothing will stop me from taking back everything that is rightfully mine. He was the love of my life - when my life was still my own. We were young enough to believe we would last forever, Axel and I. But neither of us realized how cruel life - and our families - could be. Now I'm trapped in a gilded cage: desired by Axel, who must never know the full truth, and controlled by his father, who would sooner see me dead than free. And I wouldn't even care, except that it's no longer only my life at stake.

From the grimy streets of the Upper 9th Ward in New Orleans, to the urban stockades of Bed-Stuy in Brooklyn, Black Sheep traces Duce's poignant and haunting journey from college-life, to thug-life, to eternal-life. Life was hard knock in the hood where Duce grew up in a rotting shotgun house with his mother and younger brother. He and his best friend, Jason, were both intellectually gifted teens who struggled together to find a place in society, while abiding in the mire of drugs and poverty in their community. Duce and Jason's tenacity however, set them on opposite pathways - Jason became the neighborhood "Dope Man," and Duce became a "College Boy." By the time Duce graduated from Southern University, it seemed he had it all - honorable grades, an attractive, high-society girlfriend, and a scholarship to attend grad school at Big State, a large flagship university in a rural midatlantic college town. But when he arrived at Big State, culture-shock knocked him off his high horse. Ultimately, his world crashed and he lost everything. When he returned home he couldn't escape the drug culture in his community. At the pith of his despair, he met a young black counselor named Coby in his court-ordered treatment program. Coby felt spiritually compelled to break Duce's defenses and uplift him through black empowerment. However, as Coby helped Duce overcome his demons, he began to unleash the ghosts in his own past. By fate, Duce, Jason and Coby were pieces of the same puzzle, posted on a platform of social injustice, government corruption and street life. The connection they had could be the insight they needed to make life make sense, or the dagger that would rip their souls apart.

communist Lithuania after the war. Growing up in the Chicago suburb of Cicero, though, Markelis had only heard the name T.P., since her folks pronounced the D as a T: “In first grade we had learned about the Plains Indians, who had lived in tent-like dwellings made of wood and buffalo skin called teepees. In my childish confusion, I thought that perhaps my parents weren’t Lithuanian at all, but Cherokee. I went around telling people that I was the child of teepees.” So begins this touching and affectionate memoir about growing up as a daughter of Lithuanian immigrants. Markelis was raised during the 1960s and 1970s in a household where Lithuanian was the first language. White Field, Black Sheep derives much of its charm from this collision of old world and new: a tough but cultured generation that can’t quite understand the ways of America and a younger one weaned on Barbie dolls and The Brady Bunch, Hostess cupcakes and comic books, The Monkees and Captain Kangaroo. Throughout, Markelis recalls the amusing contortions of language and identity that animated her childhood. She also humorously recollects the touchstones of her youth, from her First Communion to her first game of Twister. Ultimately, she revisits the troubles that surfaced in the wake of her assimilation into American culture: the constricting expectations of her family and community, her problems with alcoholism and depression, and her sometimes contentious but always loving relationship with her mother. Deftly recreating the emotional world of adolescence, but overlaying it with the hard-won understanding of adulthood, White Field, Black Sheep is a poignant and moving memoir—a lively tale of this Lithuanian-American life.

The Black Sheep

“WHO ARE YOU AND WHERE DO YOU COME FROM?” As a historian, Buzzy Jackson thought she knew the answers to these simple questions—that is, until she took a look at her scrawny family tree. With a name like Jackson (the twentieth most common American surname), she knew she must have more relatives and more family history out there, somewhere. Her first visit to the Boulder Genealogy Society brought her more questions than answers . . . but it also gave her a tantalizing peek into the fascinating (and enormous) community of family-tree huggers and after-hours Alex Haleys. the Family Tree, Jackson dives headfirst into her family gene pool: flying cross-country to locate an ancient family graveyard, embarking on a weeklong genealogy Caribbean cruise, and even submitting her DNA for testing to try to find her Jacksons. And in the process of researching her own family lore (Who was Bullwhip Jackson?) she meets legions of other genealogy buffs who are as interesting as they are driven—from the boy who saved his allowance so he could order his great-grandfather's death certificate to the woman who spends her free time documenting the cemeteries of Colorado ghost towns. Through Jackson's research she connects with distant relatives, traces her roots back more than 250 years and in the process comes to discover—genetically, historically, and emotionally—the true meaning of “family” for herself.

The autobiography of 92-year-old Chicagoan Faith Block is a perfect blend of a gripping inspirational story and practical advice so you can live a longer, more positive, happy, and healthy life. Her journey takes you from her defiant, blind "black sheep" childhood, emotionally damaged by her father, to

murder, greed, and corruption that eventually destroyed her own family. Blind Black Sheep is a skillful mix of entertainment, enlightenment, and encouragement. It explores a fundamental question: Can a blind person develop normally, change the world, and find personal happiness every day? Faith was born legally blind. She struggled with a demon, her black sheep complex, and her own deep character flaws that needed redemption before it was too late. Her dysfunctional family held her back, especially her father, who punished her for her birth defect. A blood enemy is now tearing her apart. As a child, she was a quirky tomboy and a rebel who defied elders. Strong-willed and persistent, nothing has stopped her in life--not blindness, age, injuries, parents, gender, or common sense. She did what she wanted to do when she wanted to do it. She finally found her calling, teaching children, advising seniors, and family and friends. A positive personality, Faith was determined to make herself and the world better. Faith's story can be summarized in six words: Legally blind but changed the world. Her playboy, psychopathic father, Joe Brickman, was a classic success story: A Russian immigrant becomes a multimillionaire home builder by age 49 through hard work. By 76, he was dying as a convicted felon, like some of his mafia buddies, and mostly broke. Faith's mom taught her early in life, "Don't let disabilities or challenges stop you from enjoying every minute of the day." Faith teaches many lessons that can enhance your experience, including her favorite inspired by her mom: "Have Faith . . . Things will be better tomorrow."
