Don't Know Much About History [30th Anniversary Edition]

Download Ebook Dont Know Much About History 30th Anniversary Edition Everything You Need To Know About American History But Never Learned

Washington Post national investigative reporter Carol Leonnig and White House bureau chief Philip Rucker, both Pulitzer Prize winners, provide the definitive insider narrative of Donald Trump's unique presidency with shocking new reporting and insight into its implications. "I alone can fix it." So went Donald J. Trump's march to the presidency on July 21, 2016, when he accepted the Republican presidential nomination in Cleveland, promising to restore what he described as a fallen nation. Yet over the subsequent years, as he has undertaken the actual work of the commander in chief, it has been hard to see beyond the daily chaos of scandal, investigation, and constant bluster. It would be all too easy to mistake Trump's first term for one of pure and uninhibited chaos, but there were patterns to his behavior and that of his associates. The universal value of the Trump administration is loyalty - not to the country, but to the president himself - and Trump's North Star has been the perpetuation of his own power, even when it meant imperiling our shaky and mistrustful democracy. Leonnig and Rucker, with deep and unmatched sources throughout Washington, D.C., tell of rages and frenzies but also moments of courage and perseverance. Relying on scores of exclusive new interviews with some of the most senior members of the Trump administration and other firsthand witnesses, the authors reveal the forty-fifth president up close, taking readers inside Robert Mueller's Russia investigation as well as the president's own hap-hazard but ultimately successful legal defense. Here for the first time certain officials who have felt honor-bound not to publicly criticize a sitting president or to divulge what they witnessed in a position of trust tell the truth for the benefit of history. This peerless and gripping narrative reveals President Trump at his most unvarnished and exposes how decision making in his administration has been driven by

Download Ebook Dont Know Much About History 30th Anniversary Edition Everything You Need To Know About American History But Never Learned

a reflexive logic of self-preservation and self-aggrandizement - but a logic nonetheless. This is the story of how an unparalleled president has scrambled to survive and tested the strength of America's democracy and its common heart as a nation.

Don't Know Much About History, Anniversary Edition

Presents a controversial history of violence which argues that today's world is the most peaceful time in human existence, drawing on psychological insights into intrinsic values that are causing people to condemn violence as an acceptable measure.

Essential Questions

Explains the causes, politics, and key events of the War between the States, from the introduction of slavery, through Gettysburg, to Reconstruction

The Last Wish

The publication of the King James version of the Bible, translated between 1603 and 1611, coincided with an extraordinary flowering of English literature and is universally acknowledged as the greatest influence on English-language literature in history. Now, world-class literary writers introduce the book of the King James Bible in a series of beautifully designed, small-

Download Ebook Dont Know Much About History 30th Anniversary Edition Everything You Need To Know About American History But Never Learned

format volumes. The introducers' passionate, provocative, and personal engagements with the spirituality and the language of the text make the Bible come alive as a stunning work of literature and remind us of its overwhelming contemporary relevance.

Don't Know Much About the Pilgrims

From Homer to Harry Potter, from Chaucer to Charlotte's Web, a compelling book of quizzes on history's most influential literary works and writers. Did a whale named "Mocha Dick" inspire Melville's masterpiece? Who was the first poet to speak at a presidential inauguration? Which French-speaking high school football star shook up the literary world? Do you freeze when someone mentions Faulkner? When the conversation turns to the Odyssey, do you want to take a hike? Have no fear. For years, Kenneth C. Davis's New York Times bestselling Don't Know Much About® books have enlightened and enthralled us with a winning blend of fascinating facts and wonderfully irreverent fun. Now he sets his sights on our literary IQ in Don't Know Much About® Literature. With this rich treasure trove of knowledge and intriguing information about the world's great books and authors, Kenneth Davis and his daughter, Jenny, demystify Dracula, capture Kafka, and help you brush up on your Brontë in the inimitable and endlessly entertaining Don't Know Much About® style.

America's Hidden History

Download Ebook Dont Know Much About History 30th Anniversary Edition Everything You Need To Know About American History But Never Learned

What are "essential questions," and how do they differ from other kinds of questions? What's so great about them? Why should you design and use essential questions in your classroom? Essential questions (EQs) help target standards as you organize curriculum content into coherent units that yield focused and thoughtful learning. In the classroom, EQs are used to stimulate students' discussions and promote a deeper understanding of the content. Whether you are an Understanding by Design (UbD) devotee or are searching for ways to address standards—local or Common Core State Standards—in an engaging way, Jay McTighe and Grant Wiggins provide practical guidance on how to design, initiate, and embed inquiry-based teaching and learning in your classroom. Offering dozens of examples, the authors explore the usefulness of EQs in all K-12 content areas, including skill-based areas such as math, PE, language instruction, and arts education. As an important element of their backward design approach to designing curriculum, instruction, and assessment, the authors

- *Give a comprehensive explanation of why EQs are so important;
- *Explore seven defining characteristics of EQs;
- *Distinguish between topical and overarching questions and their uses;
- *Outline the rationale for using EQs as the focal point in creating units of study; and
- *Show how to create effective EQs, working from sources including standards, desired understandings, and student misconceptions.

Using essential questions can be challenging—for both teachers and students—and this book provides guidance through practical and proven processes, as well as suggested "response strategies" to encourage student engagement. Finally, you will learn how to create a culture of inquiry so that all members of the educational community—students, teachers, and administrators—benefit from the increased rigor and deepened understanding that emerge when essential questions become a guiding force for

Download Ebook Dont Know Much About History 30th Anniversary Edition Everything You Need To Know About American History But Never Learned

learners of all ages.

How to Hide an Empire

Although we have been successful in our careers, they have not turned out quite as we expected. We both have changed positions several times-for all the right reasons-but there are no pension plans vesting on our behalf. Our retirement funds are growing only through our individual contributions. Michael and I have a wonderful marriage with three great children. As I write this, two are in college and one is just beginning high school. We have spent a fortune making sure our children have received the best education available. One day in 1996, one of my children came home disillusioned with school. He was bored and tired of studying. "Why should I put time into studying subjects I will never use in real life?" he protested. Without thinking, I responded, "Because if you don't get good grades, you won't get into college." "Regardless of whether I go to college," he replied, "I'm going to be rich."

"A nonfiction account of one of the most deadly outbreaks of disease in human history--the Spanish Flu"--

A People's History of the United States

Download Ebook Dont Know Much About History 30th Anniversary Edition Everything You Need To Know About American History But Never Learned

Which president broke the law to prevent enslaved people from being freed? Who said, "When the president does it, that means it's not illegal"? Why does America have a president? From the heated debates among the framers of the Constitution in 1787 over an "elected king," to the creation of the presidency, and on through rich profiles of each man who has held the office, New York Times bestselling author Kenneth C. Davis takes readers on a guided tour of American history. Examining each chief executive, from the low lights to the bright lights, the memorable to the forgettable and the forgotten, Davis tells all the stories, offering rich anecdotes about real people. He also charts the history of the presidency itself, debunking myths and grading the presidents from A+ to F. For history buffs and history-phobes alike, this entertaining book may change your understanding of the highest office in the land throughout more than two hundred years of history.

Don't Know Much About Literature

□ Highly informative and entertaining □ propels the reader light years beyond dull textbooks and *Gone with the Wind*. □ *San Francisco Chronicle* It has been 150 years since the opening salvo of America's War Between the States. Bound for Gold

Download Ebook Dont Know Much About History 30th Anniversary Edition Everything You Need To Know About American History But Never Learned

In a practical and funny resource, an experienced teaching consultant offers creative strategies for teachers and professors who are handling a subject they don't know, in a book that offers tips for introducing topics in a lively style, for teaching unresponsive students, and for dealing with impossible questions.

Don't Know Much About the Civil War

With wit, wisdom, and an extraordinary talent for turning dry, difficult reading into colorful and realistic accounts, the creator of the bestselling Don't Know Much About® series now brings the world of the Old and New testaments to life as no one else can in the bestseller Don't Know Much About® The Bible. Relying on new research and improved translations, Davis uncovers some amazing questions and contradictions about what the Bible really says. Jericho's walls may have tumbled down because the city lies on a fault line. Moses never parted the Red Sea. There was a Jesus, but he wasn't born on Christmas and he probably wasn't an only child. Davis brings readers up-to-date on findings gleaned from the Dead Sea Scrolls and Gnostic Gospels that prompt serious scholars to ask such serious questions as: Who wrote the Bible? Did Jesus say everything we were taught he did? Did he say more? By examining the Bible historically, Davis entertains and amazes, provides a much better understanding of the subject, and offers much more fun learning about it.

Don't Know Much About® the American Presidents

Download Ebook Dont Know Much About History 30th Anniversary Edition Everything You Need To Know About American History But Never Learned

First published in 1955, *They Thought They Were Free* is an eloquent and provocative examination of the development of fascism in Germany. Mayer's book is a study of ten Germans and their lives from 1933-45, based on interviews he conducted after the war when he lived in Germany. Mayer had a position as a research professor at the University of Frankfurt and lived in a nearby small Hessian town which he disguised with the name "Kronenberg." "These ten men were not men of distinction," Mayer noted, but they had been members of the Nazi Party; Mayer wanted to discover what had made them Nazis. "What happened here was the gradual habituation of the people, little by little, to being governed by surprise; to receiving decisions deliberated in secret; to believing that the situation was so complicated that the government had to act on information which the people could not understand, or so dangerous that, even if the people could not understand it, it could not be released because of national security. And their sense of identification with Hitler, their trust in him, made it easier to widen this gap and reassured those who would otherwise have worried about it."--from Chapter 13, "But Then It Was Too Late"

The Hidden History of America at War

One of the most influential singers and songwriters of all time, Sam Cooke was among the first to blend gospel music and secular themes--the early foundation of soul music. He was the opposite of Elvis: a black performer who appealed to white audiences, who wrote his own songs, who controlled his own business destiny. No biography has previously been written that fully captures Sam Cooke's accomplishments, the importance of his contribution to American

Download Ebook Dont Know Much About History 30th Anniversary Edition Everything You Need To Know About American History But Never Learned

music, the drama that accompanied his rise in the early days of the civil rights movement, and the mystery that surrounds his death. Bestselling author Peter Guralnick tells this moving and significant story, from Cooke's childhood as a choirboy to an adulthood when he was anything but. With appearances by Martin Luther King Jr., Malcolm X, James Brown, Harry Belafonte, Aretha Franklin, Fidel Castro, The Beatles, Sonny and Cher, Bob Dylan, and other central figures of this explosive era, DREAM BOOGIE is a compelling depiction of one man striving to achieve his vision despite all obstacles--and an epic portrait of America during the turbulent and hopeful 1950s and 1960s. The triumph of the book is the vividness with which Peter Guralnick conveys the astonishing richness of the black America of this era--the drama, force, and feeling of the story. This enhanced edition includes: Exclusive video footage prepared specifically for the enhanced eBook that has never been seen before. Rare audio clips.

Don't Know Much About Anything

An incisive overview of the current debate over the teaching of history in American schools examines the setting of controversial standards for history education, the integration of multiculturalism and minorities into the curriculum, and ways to make history more relevant to students. Reprint.

Don't Know Much About Mythology

Download Ebook Dont Know Much About History 30th Anniversary Edition Everything You Need To Know About American History But Never Learned

Since Darwin's day, we've been told that sexual monogamy comes naturally to our species. Mainstream science—as well as religious and cultural institutions—has maintained that men and women evolved in families in which a man's possessions and protection were exchanged for a woman's fertility and fidelity. But this narrative is collapsing. Fewer and fewer couples are getting married, and divorce rates keep climbing as adultery and flagging libido drag down even seemingly solid marriages. How can reality be reconciled with the accepted narrative? It can't be, according to renegade thinkers Christopher Ryan and Cacilda Jethá. While debunking almost everything we "know" about sex, they offer a bold alternative explanation in this provocative and brilliant book. Ryan and Jethá's central contention is that human beings evolved in egalitarian groups that shared food, child care, and, often, sexual partners. Weaving together convergent, frequently overlooked evidence from anthropology, archaeology, primatology, anatomy, and psychosexuality, the authors show how far from human nature monogamy really is. Human beings everywhere and in every era have confronted the same familiar, intimate situations in surprisingly different ways. The authors expose the ancient roots of human sexuality while pointing toward a more optimistic future illuminated by our innate capacities for love, cooperation, and generosity. With intelligence, humor, and wonder, Ryan and Jethá show how our promiscuous past haunts our struggles over monogamy, sexual orientation, and family dynamics. They explore why long-term fidelity can be so difficult for so many; why sexual passion tends to fade even as love deepens; why many middle-aged men risk everything for transient affairs with younger women; why homosexuality persists in the face of standard evolutionary logic; and what the human body reveals about the prehistoric origins of modern sexuality. In the tradition of the best historical and scientific writing, *Sex at*

Dawn unapologetically upends unwarranted assumptions and unfounded conclusions while offering a revolutionary understanding of why we live and love as we do.

More Deadly Than War

Multi-million-copy bestselling historian Kenneth C. Davis sets his sights on war stories in *The Hidden History of America at War*. In prose that will remind you of "the best teacher you ever had" (*People Magazine*), Davis brings to life six emblematic battles, revealing untold tales that span our nation's history, from the Revolutionary War to Iraq. Along the way, he illuminates why we go to war, who fights, the grunt's-eye view of combat, and how these conflicts reshaped our military and national identity. From the Battle of Yorktown (1781), where a fledgling America learned hard lessons about what kind of military it would need to survive, to Fallujah (2004), which epitomized the dawn of the privatization of war, *Hidden History of America at War* takes readers inside the battlefield, introducing them to key characters and events that will shatter myths, misconceptions, and romanticism, replacing them with rich insight.

How History Gets Things Wrong

Named one of the ten best books of the year by the Chicago Tribune A Publishers Weekly best book of 2019 | A 2019 NPR Staff Pick A pathbreaking history of the United States—overseas possessions and the true meaning of its empire We are familiar with maps that outline all fifty states. And we are also familiar with the idea that the United States is an “empire,” exercising

Download Ebook Dont Know Much About History 30th Anniversary Edition Everything You Need To Know About American History But Never Learned

power around the world. But what about the actual territories—the islands, atolls, and archipelagos—this country has governed and inhabited? In *How to Hide an Empire*, Daniel Immerwahr tells the fascinating story of the United States outside the United States. In crackling, fast-paced prose, he reveals forgotten episodes that cast American history in a new light. We travel to the Guano Islands, where prospectors collected one of the nineteenth century's most valuable commodities, and the Philippines, site of the most destructive event on U.S. soil. In Puerto Rico, Immerwahr shows how U.S. doctors conducted grisly experiments they would never have conducted on the mainland and charts the emergence of independence fighters who would shoot up the U.S. Congress. In the years after World War II, Immerwahr notes, the United States moved away from colonialism. Instead, it put innovations in electronics, transportation, and culture to use, devising a new sort of influence that did not require the control of colonies. Rich with absorbing vignettes, full of surprises, and driven by an original conception of what empire and globalization mean today, *How to Hide an Empire* is a major and compulsively readable work of history.

Don't Know Much about History

From the bestselling author of the *Don't Know Much About®* books comes a dramatic account of the origins of democracy, the history of authoritarianism, and the reigns of five of history's deadliest dictators. What makes a country fall to a dictator? How do authoritarian leaders—strongmen—capable of killing millions acquire their power? How are they able to defeat the ideal of democracy? And what can we do to make sure it doesn't happen again? By

Download Ebook Dont Know Much About History 30th Anniversary Edition Everything You Need To Know About American History But Never Learned

profiling five of the most notoriously ruthless dictators in history—Adolf Hitler, Benito Mussolini, Joseph Stalin, Mao Zedong, and Saddam Hussein—Kenneth C. Davis seeks to answer these questions, examining the forces in these strongmen's personal lives and historical periods that shaped the leaders they'd become. Meticulously researched and complete with photographs, *Strongman* provides insight into the lives of five leaders who callously transformed the world and serves as an invaluable resource in an era when democracy itself seems in peril.

"*Strongman* is a book that is both deeply researched and deeply felt, both an alarming warning and a galvanizing call to action, both daunting and necessary to read and discuss." —Cynthia Levinson, author of *Fault Lines in the Constitution*

Don't Know Much About the Civil War

Who dug those canals on Mars? What was the biblical Star of Bethlehem? Were the pyramids built by extraterrestrials? From the ancients who charted the heavens to *Star Trek*, *The X-Files*, and *Apollo 13*, outer space has intrigued people through the ages. Yet most of us look up at the night sky and feel totally in the dark when it comes to the basic facts about the universe. Kenneth C. Davis steps into that void with a lively and readable guide to the discoveries, theories, and real people who have shed light on the mysteries and wonders of the cosmos. Discover why Einstein was such a genius, the truth behind a blue moon or two, the amazing secrets of Stonehenge, and even how one great astronomer lost his nose. With the fun question-and-answer format that has appealed to the millions of readers of his bestselling *Don't Much About®* series, you'll be taking off on an exciting armchair exploration of

the solar system, the Milky Way, and beyond.

Strongman

Relates historical events that significantly impacted the development of the United States in the years prior to Washington's inauguration, considering such subjects as the nation's real first pilgrims and the lesser-known aspects of the first Thanksgiving.

Ecclesiastes

Reading [Kenneth C. Davis] is like returning to the classroom of the best teacher you ever had. People Revised, updated, and expanded, the Twentieth Anniversary Edition of Kenneth C. Davis's classic anti-textbook Don't Know Much About History revitalizes the landmark book's ability to revolutionize the way we look at our past. Like Howard Zinn's A People's History of the United States, Davis's Don't Know Much About History captivates readers with a wry and lucid, comprehensive and comprehensible narrative. With a new section covering the twenty-first century's most significant events, from the Great Recession to Hurricane Katrina to the election of Barack Obama and more, the Twentieth Anniversary Edition of Don't Know Much About History reinvigorates the book's crucial promise of delivering fascinating, insight-driven learning to a new generation of readers.

Download Ebook Dont Know Much About History 30th Anniversary Edition Everything You Need To Know About American History But Never Learned

The History and Adventures of the Renowned Don Quixote,3

"This trade book takes on the widely-shared belief that learning the history of something always contributes to understanding it, is often the best way to do so, and sometimes is the only way. The aim is to explain away these three beliefs, to show why historical narrative is always, always wrong, not just incomplete or inaccurate or unfounded, but mistaken the way Ptolemaic astronomy or Phlogiston chemistry is wrong. The resources employed to do this are those of evolutionary anthropology, cognitive science, and most of all neuroscience. Much of the book reports Nobel Prize winning advances in neuroscience in ways that are accessible to the non-specialist and reveals their relevance for our fatal attraction to stories. Although framed as a searching critique of historical narrative as path to understanding and knowledge, the book also provides a report of the current state of play of research in cognitive social psychology, evolutionary anthropology, and the study of the brain at the level of neural detail"

History on Trial

Questions and answers present information about who the Pilgrims were, how and why they came to America on the Mayflower, and what happened in the colony of New Plymouth.

Presents, in question and answer format, a history of the United States from the exploration of Christopher Columbus to the terrorist attacks of September 11, 2001. Simultaneous.

Sex at Dawn

New York Times Bestseller In the most ambitious one-volume American history in decades, award-winning historian and New Yorker writer Jill Lepore offers a magisterial account of the origins and rise of a divided nation, an urgently needed reckoning with the beauty and tragedy of American history. Written in elegiac prose, Lepore's groundbreaking investigation places truth itself—a devotion to facts, proof, and evidence—at the center of the nation's history. The American experiment rests on three ideas—"these truths," Jefferson called them—"political

Download Ebook Dont Know Much About History 30th Anniversary Edition Everything You Need To Know About American History But Never Learned

equality, natural rights, and the sovereignty of the people. And it rests, too, on a fearless dedication to inquiry, Lepore argues, because self-government depends on it. But has the nation, and democracy itself, delivered on that promise? These Truths tells this uniquely American story, beginning in 1492, asking whether the course of events over more than five centuries has proven the nation's truths, or belied them. To answer that question, Lepore traces the intertwined histories of American politics, law, journalism, and technology, from the colonial town meeting to the nineteenth-century party machine, from talk radio to twenty-first-century Internet polls, from Magna Carta to the Patriot Act, from the printing press to Facebook News. Along the way, Lepore's sovereign chronicle is filled with arresting sketches of both well-known and lesser-known Americans, from a parade of presidents and a rogues' gallery of political mischief makers to the intrepid leaders of protest movements, including Frederick Douglass, the famed abolitionist orator; William Jennings Bryan, the three-time presidential candidate and ultimately tragic populist; Pauli Murray, the visionary civil rights strategist; and Phyllis Schlafly, the uncredited architect of modern conservatism. Americans are descended from slaves and slave owners, from conquerors and the conquered, from immigrants and from people who have fought to end immigration. "A nation born in contradiction will fight forever over the meaning of its history," Lepore writes, but engaging in that struggle by studying the past is part of the work of citizenship. "The past is an inheritance, a gift and a burden," These Truths observes. "It can't be shirked. There's nothing for it but to get to know it."

In the Shadow of Liberty

Download Ebook Dont Know Much About History 30th Anniversary Edition Everything You Need To Know About American History But Never Learned

In this Second Edition of this radical social history of America from Columbus to the present, Howard Zinn includes substantial coverage of the Carter, Reagan and Bush years and an Afterword on the Clinton presidency. Its commitment and vigorous style mean it will be compelling reading for under-graduate and post-graduate students and scholars in American social history and American studies, as well as the general reader.

Don't Know Much About the Universe

Did you know that many of America's Founding Fathers—who fought for liberty and justice for all—were slave owners? Through the powerful stories of five enslaved people who were “owned” by four of our greatest presidents, this book helps set the record straight about the role slavery played in the founding of America. From Billy Lee, valet to George Washington, to Alfred Jackson, faithful servant of Andrew Jackson, these dramatic narratives explore our country's great tragedy—that a nation “conceived in liberty” was also born in shackles. These stories help us know the real people who were essential to the birth of this nation but traditionally have been left out of the history books. Their stories are true—and they should be heard. This thoroughly-researched and documented book can be worked into multiple aspects of the common core curriculum.

The Lessons of History

Jilly thinks she's figured out how life works. But when her sister, Emma, is born deaf, she realizes how much she still has to learn. The world is going to treat Jilly, who is white and hearing, differently from Emma, just as it will treat them both differently from their Black cousins. A big fantasy reader, Jilly makes a connection online with another fantasy fan, Derek, who is a Deaf, Black ASL user. She goes to Derek for help with Emma but doesn't always know the best way or time to ask for it. As she and Derek meet in person, have some really fun conversations, and become friends, Jilly makes some mistakes . . . but comes to understand that it's up to her, not Derek to figure out how to do better next time--especially when she wants to be there for Derek the most. Within a world where kids like Derek and Emma aren't assured the same freedom or safety as kids like Jilly, Jilly is starting to learn all the things she doesn't know--and by doing that, she's also working to discover how to support her family and her friends. With You Don't Know Everything, Jilly P!, award-winning author Alex Gino uses their trademark humor, heart, and humanity to show readers how being open to difference can make you a better person, and how being open to change can make you change in the best

Don't Know Much About Geography

Geralt the Witcher -- revered and hated -- holds the line against the monsters plaguing humanity in this collection of adventures in the New York Times bestselling series that inspired the Netflix show and the hit video games. Geralt is a Witcher, a man whose magic powers, enhanced by long training and a mysterious elixir, have made him a brilliant fighter and a merciless assassin. Yet he is no ordinary murderer: his targets are the multifarious monsters and vile fiends that ravage the land and attack the innocent. But not everything monstrous-looking is evil and not everything fair is good. . .and in every fairy tale there is a grain of truth. The Last Wish story collection is the perfect introduction to a one of a kind fantasy world. And look out for The Tower of Fools, book one of Andrzej Sapkowski's Hussite Trilogy, coming in October 2020!

A Very Stable Genius

Dream Boogie

Rare-book dealer Peter Fallon returns in a thrilling historical novel about the California Gold Rush, by New York Times bestselling author William Martin Bound for Gold continues New York Times bestselling author William Martin's epic of American history with the further

adventures of Boston rare-book dealer Peter Fallon and his girlfriend, Evangeline Carrington. They are headed to California, where their search for a lost journal takes them into the history of Gold Rush. The journal follows young James Spencer, of the Sagamore Mining Company, on a spectacular journey from staid Boston, up the Sacramento River to the Mother Lode. During his search for a "lost river of gold," Spencer confronts vengeance, greed, and racism in himself and others, and builds one of California's first mercantile empires. In the present, Peter Fallon's son asks his father for help appraising the rare books in the Spencer estate and reconstructing Spencer's seven-part journal, which has been stolen from the California Historical Society. Peter and Evangeline head for modern San Francisco and quickly discover that there's something much bigger and more dangerous going on, and Peter's son is in the middle of it. Turns out, that lost river of gold may be more than a myth. Past and present intertwine as two stories of the eternal struggle for power and wealth become one. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
