With hundreds of practical ideas for every aspect of living with a toddler, here are five principles for feeding your child's natural curiosity, from “Trust in the child” to “Fostering a sense of wonder.” Step-by-step ways to cultivate daily routines with ease, like brushing teeth, toilet-training, dealing with siblings, losing the pacifier. Plus learn how to: Stay composed when your toddler is not and set limits with love and respect—without resorting to bribes or punishment. Set up your home and get rid of the chaos. Create Montessori activities that are just right for your one-to-three-year-old. Raise an inquisitive learner who loves exploring the world around them.
