Meaning-text Theory

Lexicographica. Series Maior features monographs and edited volumes on the topics of lexicography and meta-lexicography. Works from the broader domain of lexicology are also included, provided they strengthen the theoretical, methodological and empirical basis of lexicography and meta-lexicography. The almost 150 books published in the series since its founding in 1984 clearly reflect the main themes and developments of the field. The publications focus on aspects of lexicography such as micro- and macrostructure, typology, history of the discipline, and application-oriented lexicographical documentation.

Lexicographers and Their Works

This volume examines some of the ways in which dictionary use has been studied, considers the problems encountered by researchers in this field, and presents a

series of experiments which explore fundamental questions concerning the use of dictionaries by learners of English as a foreign language. - Are dictionaries helpful in examinations? Does defining style affect consultation success? Do dictionaries benefit some kinds of learners more than others? How useful are illustrative examples? The author concludes with an analysis of current trends in the design of dictionaries for learners of English, and considers the possible impact of new electronic formats on dictionary use.

Dictionary of Dictionaries and Eminent Encyclopedias

The ultimate rapid language-learning guide! For those who've despaired of ever learning a foreign language, here, finally, is a book that will make the words stick. At thirty years old, Gabriel Wyner speaks six languages fluently. He didn't learn them in school -- who does? -- rather, he learned them in the past few years, working on his own and practicing on the subway, using simple techniques and free online resources. In *Fluent Forever* Wyner reveals what he's discovered. The greatest challenge to learning a foreign language is the challenge of memory; there are just too many words and too many rules. For every new word we learn, we seem to forget two old ones, and as a result, fluency can seem out of reach. *Fluent Forever* tackles this challenge head-on. With empathy for the language-challenged and abundant humor, Wyner deconstructs the learning process, revealing how to build a foreign language in your mind from the ground up.

Starting with pronunciation, you'll learn how to rewire your ears and turn foreign sounds into familiar sounds. You'll retrain your tongue to produce those sounds accurately, using tricks from opera singers and actors. Next, you'll begin to tackle words, and connect sounds and spellings to imagery, rather than translations, which will enable you to think in a foreign language. And with the help of sophisticated spaced-repetition techniques, you'll be able to memorize hundreds of words a month in minutes every day. Soon, you'll gain the ability to learn grammar and more difficult abstract words--without the tedious drills and exercises of language classes and grammar books. This is brain hacking at its most exciting, taking what we know about neuroscience and linguistics and using it to create the most efficient and enjoyable way to learn a foreign language in the spare minutes of your day.

ARBA has served as a trustworthy source of information for the library and information community for more than three decades. With nearly 1,800 descriptive and evaluative entries, ARBA 2002 continues its tradition as the most comprehensive and reliable review source available for recent reference works. Reviewing materials from more than 300 publishers in nearly 500 subject areas, ARBA 2002 will help you keep abreast of reference publications in all fields, answer everyday reference questions, and build your reference collection. Written by

librarians, scholars, and subject specialists, many annotations compare works to similar titles and new editions, so you know which is better and if revisions warrant purchase. In addition, other reviews in major periodicals are cited and complete bibliographic information is provided to expedite your purchasing process. Abraka Humanities Review

A collection of articles on dictionaries for advanced second language learners includes essays on the past, present, and future of learners' dictionaries; alternative dictionaries; dictionary construction; and dictionaries and their users. Titles include: "Idle Thoughts of an Idle Fellow; or Vaticinations on the Learners'

Dictionary" (Ladislav Zgusta); "Recent Developments in EFL Dictionaires" (Gabriele Stein); "Learners' Dictionaries--Recent Advances and Developments" (A.P. Cowie); "The Background and Nature of ELT Learners' Dictionaries" (Tom McArthur); "Dictionaries and Language Learning" (Paul Nation); "Monolingual and Bilingual Dictionaries: Fundamental Differences" (Tadeusz Piotrowski); "The Collocational Dictionary and the Advanced Learner" (Morton Benson); "Grammar in Dictionaries" (Thomas Herbst); "The Treatment of Pronunciation in Some Monolingual General Dictionaries Used by Learners of English" (W.R. Lee); "How Many Words Is a Picture Worth? A Review of Illustrations in Dictionaries" (Hilary Nesi); "Uncommonly Common Words" (John M. Sinclair); "A Vocabulary for Writing Dictionaries" (Gwyneth Fox); "Vocabulary, Culture, and the Dictionary" (Hilary Bool, Ronald Carter); "Which Dictionaries and Why? Exploring Some Options" (Makhan L. Tickoo); "How to Use a Dictionary?" (Soekemi); and "What We (Don't) Know about the English Language Learner as a Dictionary User: A Critical Select Bibliography" (R.R.K. Hartmann). (MSE).

Collocations and other lexical combinations in Spanish

Learners' Dictionaries

The second edition of Modern Brazilian Portuguese Grammar Workbook is an innovative book of exercises and language tasks for all learners of Brazilian Portuguese. The book is divided into two sections: • Part A provides exercises based on essential grammatical structures • Part B practises everyday functions (e.g. making social contact, asking questions and expressing needs). A comprehensive answer key at the back of the book enables you to check on your progress. The Modern Brazilian Portuguese Grammar Workbook is ideal for all learners who have a basic knowledge of Brazilian Portuguese, including undergraduates taking Brazilian Portuguese as a major or minor part of their studies, as well as intermediate and advanced school, adult education and self-study students. While primarily intended for use in conjunction with Modern Brazilian Portuguese Grammar: A Practical Guide, it can also serve as an independent resource.

PROGRESS FROM VOCABULARY TO PROFICIENCY Vocabulary words let you communicate basic ideas, but proper grammar enables you to communicate concepts, feelings, and subtle nuances much more effectively. Now mastering Spanish grammar is easier than ever. Whether you're a student, a business professional who wants to sound more professional, or a future tourist who doesn't want to sound like one, Webster's New World Spanish Grammar Handbook is an

indispensable reference. It helps you hone your Spanish writing skills and sharpen your verbal expression with features such as:

- * Fifteen parts covering all the essential elements of Spanish grammar
- * A section on everyday necessities- commonly used words and expressions
- * Clear explanations of the rules with examples
- * Comprehensive verb charts illustrating the conjugations
- * Thematic vocabulary charts for common, everyday topics
- * A glossary that defines all the grammatical terms

Organized so you can proceed at your own pace and review as needed, Webster's New World Spanish Grammar Handbook helps you progress from vocabulary to proficiency so you can communicate confidently in both social and business situations.

Larousse French English Dictionary Canadian Edition

This book describes and evaluates the usefulness of a recently developed lexicographical hybrid: the encyclopedic learner's dictionary (ELD). First, the ELD is analysed from a typological perspective. Two encyclopedic learners' dictionaries are dissected and compared, and a checklist of ELD design features is drawn up. A survey of previous user-based studies is then provided, followed by a description of the questionnaire-based methodology used in this user-centred investigation. Next, a critical analysis of each ELD design feature is provided. Finally, the implications of this research for the future production of ELDs are presented as a checklist of recommendations.

Practical Lexicography

This new edition uses Collins' and Le Robert's unique multi-million word databases of contemporary English and French to ensure that the user has the most complete and accurate picture of real language available today. The dictionary is ideal for advanced learners and professionals using French.

Library Journal

A newly revised compact reference features more than 55,000 entries and 80,000 translations of common Italian words and phrases, along with a pronunciation guide, abbreviations, acronyms, hundreds of usage examples, verb conjugation tables, and tips on how to use the dictionary. Original.

American Reference Books Annual, 2002

Looks at how dictionary publishing has changed, tells how to select a dictionary, and provides an annotated list of abridged, unabridged, and children's dictionaries

Guide to Reference Material

This edited collection presents the state of the art in research related to lexical combinations and their restrictions in Spanish from a variety of theoretical approaches, ranging from Explanatory Combinatorial Lexicology to Distributed Morphology and Generative Lexicon Theory. Section 1 offers a presentation of the main theoretical and descriptive approaches to collocation. Section 2 explores collocation from the point of view of its lexicographical representation, while Section 3 offers a pedagogical perspective. Section 4 surveys current research on collocation in Catalan, Galician and Basque. Collocations and other lexical combinations in Spanish will be of interest to students of Hispanic linguistics.

Cambridge Learner's Dictionary with CD-ROM

This reader collects some of the best and most useful work in practical lexicography, focusing on the central issues and hottest topics in the field. An essential resource for all students and scholars of lexicography and lexicology as well as professional lexicographers.

Lexicographica

A fully illustrated language and encyclopedic Spanish dictionary, aimed at helping anyone who needs to find and sort out definitions or meanings of words in Spanish,

as well as finding out basic data of topics related to science and culture. El Pequeno Larousse ilustrado is the most complete dictionary in its category with sufficient and up to date contents, now featuring a two-year edition. It includes more than 90,000 works and over 200,000 definitions. For many years it has been the leader of books in its category. El Pequeno was also the first book to use the two-section format: language and proper names. It is the only dictionary that is updated every year, not only in proper names but in language issues as well, including technical, scientific, and cultural neologisms, and derivatives from daily life. Photographs, illustrations, maps and charts are also revised and updated. Brief but comprehensive, this is an efficient supportive tool for assisting with school homework. Special thematic appendixes are included every year, and includes the opportunity to do consultation online.

Dictionaries

In der Reihe Lexicographica. Series Maior erscheinen schwerpunktmäßig Monographien und Sammelbände zur Lexikographie und Metalexikographie. Darüber hinaus werden Arbeiten aus dem weiteren Bereich der Lexikologie aufgenommen, sofern sie Ansätze bieten, die einen Beitrag zum Ausbau der theoretischen, methodischen und empirischen Grundlagen von Lexikographie und Metalexikographie leisten. In den seit 1984 erschienenen knapp 150 Bänden spiegeln sich anschaulich die Schwerpunkte und Entwicklungstendenzen der

einschlägigen Forschung. Das Spektrum der behandelten Themen reicht von Problemen der Mikro- und Makrostruktur über typologische und wissenschaftsgeschichtliche Aspekte bis hin zur anwendungsorientierten lexikographischen Dokumentation.

Pedagogical Lexicography Today

The aim of this monograph, which has rich and evaluative annotations, is to contribute to a more comprehensive understanding of the issues in a major developing area of pedagogical lexicography. With this monograph researchers and students can have access to a set of 521 articles from a diverse array of publications, many in hard-to-find sources, that will prove valuable in reviewing the literature of the area. Because articles on language users and dictionary users are published in journals devoted to reading research, language acquisition, second language teaching, linguistics, and lexicography, most of the past research in the area has not shown critical awareness of this diffuse collection of research. The annotated bibliography found in this monograph supplies scholars in all the different fields of enquiry a critical guide to past and current work in pedagogical lexicography. Because this subfield of lexicography has developed in a variety of disciplines, it is difficult for researchers in any single discipline or sub-discipline to find relevant and important articles; this annotated bibliography not only provides a highly defined topical index based on a key-word analysis of the literature, but

also annotations and commentary that provide the reader with a critical understanding of the important issues and debates in the development of the study of learners' dictionaries and dictionary users. The authors of this monograph have written the critical annotations in a manner that foregrounds the points of debate within the area which helps to define the concerns of the area.

Larousse Chambers Dictionnaire Français-anglais, English-French

An authoritative dictionary that includes colloquial expressions, terms, and a phonetic symbol guide along with the usual vocabulary entries.

Collins Robert French Dictionary

Comprehensive English-Czech dictionary

Includes more than seventy thousand entries, as well as grammatical references, sample sentences, technical and specialized vocabularies, and tables of regular and irregular verbs

Symposium on Lexicography XI

This highly useful bilingual thesaurus is aimed at all English-speaking learners and users of French at intermediate and more advanced levels. Structured in a uniquely helpful way, it is arranged thematically, with extensive subdivisions into topic categories. Two alphabetical indexes of more than 8,000 words each, one listing English vocabulary and the other French, help readers find what they're looking for easily. This is the best bilingual thesaurus available Like the best thesauri, it gives not only analogous words but analogous phrases and expressions as well; moreover it explains in what contexts the different synonyms should be used. Contains a wealth of information Let's say you want to look up the French for the word "difficult." You may know that this translates into French as "difficile" but may be curious about other, synonymous words that could be used to mean "difficult" in slightly different contexts. Look up "difficult" in the English-French index at the back of the book, and you're directed to a section that gives you a range of synonymous words and tells you when to use them. Explains nuances and contexts In this way it's like a very elaborate dictionary, with phrases as well as words. Easy to use in French and English There's not only a long English-French index, but a long French-English one as well, so you can come at it from either language, to find your lists of synonyms in either English or French. Moreover, it gives American English expressions as well as British English ones, wherever they differ.

There has been an extraordinary increase in the production of monolingual dictionaries of English in the last three decades. Despite some interesting recent developments in dictionary design and layout, in many fundamental respects the dictionaries of today are very similar to those produced several centuries ago. Dr. Bejoint argues that this conservatism reflects the importance of the dictionary as culturally-constructed artefact. Dictionaries have remained the same because their traditional form exerts a powerful influence on popular ideas of what they should be. Contemporary research and theory will only filter through into dictionary-making when popular ideas about language and dictionaries change. This must be a slow process because the dictionaries are themselves such a powerful influence in the shaping of these ideas.

Fluent Forever

This volume provides concise, authoritative accounts of the approaches and methodologies of modern lexicography and of the aims and qualities of its end products. Leading scholars and professional lexicographers, from all over the world and representing all the main traditions and perspectives, assess the state of the art in every aspect of research and practice. The book is divided into four parts,

reflecting the main types of lexicography. Part I looks at synchronic dictionaries - those for the general public, monolingual dictionaries for second-language learners, and bilingual dictionaries. Part II and III are devoted to the distinctive methodologies and concerns of the historical dictionaries and specialist dictionaries respectively, while chapters in Part IV examine specific topics such as description and prescription; the representation of pronunciation; and the practicalities of dictionary production. The book ends with a chronology of the major events in the history of lexicography. It will be a valuable resource for students, scholars, and practitioners in the field.

Encyclopedic Learners' Dictionaries

Each vol. is divided into 2 parts 1st-7th ed.: Dictionary catalog and Classified catalog; 8th-9th ed. have 3rd. part: Directory of publishers.

English for Speakers of Other Languages

Tradition and Innovation in Modern English Dictionaries

Webster's New World: Spanish Grammar Handbook

Enlarged by some 50 percent and equipped with more comprehensive name and subject indexes, the second edition of this unique guide contains bibliographic and descriptive annotations for 8,000 dictionaries. It features 1,500 additional bilingual works, 400 new subject categories, and all the major electronic dictionaries produced in English. While the primary emphasis is on language dictionaries, subject dictionaries on topics as varied as ceramics, bookbinding, and theatre as well as dictionaries issued by international bodies and agencies are included. Covering all the world's languages, works may be bilingual, monolingual, or multilingual as long as there is an English element.
