Universal (metaphysics) - Wikipedia

1. The Word ‘ Metaphysics ’ and the Concept of Metaphysics. The word ‘ metaphysics ’ is notoriously hard to define. Twentieth-century coinages like ‘ meta-language ’ and ‘ metaphilosophy ’ encourage the impression that metaphysics is a study that somehow “ goes beyond ” physics, a study devoted to matters that transcend the mundane concerns of Newton and Einstein and Heisenberg.

Libertarianism (metaphysics) - Wikipedia

The problem of universals is an ancient problem in metaphysics about whether universals exist. The problem arises from attempts to account for the phenomenon of similarity or attribute agreement among things. For example, grass and Granny Smith apples are similar or agree in attribute, namely in having the attribute of greenness. The issue is how to account for this sort of agreement in

However, since metaphysics is technically the study of all reality, and thus whether there is any supernatural element to it at all, in truth metaphysics is probably the most fundamental subject which irreligious atheists should focus on. Our ability to understand what reality is, what it is composed of, what "existence" means, etc., is

Metaphysics the Philosophy of Existence, Being and Reality

For example, Thomas commented on all of Aristotle ' s major works, including Metaphysics, Physics, God ' s idea of the universe in general, God ' s idea of what-it-is-to-be a human being, and so forth, function, as it were, as plans or archetypes in the mind of the Creator for created substances. iv. The Final Cause.

Kant, Immanuel: Metaphysics | Internet Encyclopedia of

The idea of an immaterial mind receiving information from an abstract object seems just as mysterious and confused as the idea of a physical brain receiving information from an abstract object. The second strategy that platonists can pursue in responding to the epistemological argument is to argue that (2) is false and that human beings can

Immanuel Kant: Metaphysics. Immanuel Kant (1724-1804) is one of the most influential philosophers in the history of Western philosophy. His contributions to metaphysics, epistemology, ethics, and aesthetics have had a profound impact on almost every philosophical movement that followed him. This article focuses on his metaphysics and epistemology in one of his most important works, The

Bing: Metaphysics And The Idea Of

Metaphysics has been attacked, at different times in history, as being futile and overly vague, particularly by David Hume, Immanuel Kant and A.J. Ayer. It may be more useful to say that a metaphysical statement usually implies an idea about the world or the universe, which may seem reasonable but is ultimately not empirically verifiable

Libertarianism is one of the main philosophical positions related to the problems of free will and determinism which are part of the larger domain of metaphysics. In particular, libertarianism is an incompatibilist position which argues that free will is logically incompatible with a deterministic universe. Libertarianism states that since agents have free will, determinism must be false.
