'Stimulating, intelligent and enjoyable discussions of the most important issues of our day.'  
STEVEN PINKER 'From entrepreneurs to athletes, and world leaders to entertainers, this is a fascinating collection of interviews with some of the world's most influential individuals.'  
MARK CUBAN 'Thought Economics is a fine rebuke to the soundbite culture; these interviews are driven by real curiosity, and there is a wealth of wisdom here.'  
EDWARD STOURTON Since 2007, entrepreneur and philanthropist Vikas Shah has been on a mission to interview the people shaping our century. Including conversations with Nobel prizewinners, business leaders, politicians, artists and Olympians, he has been in the privileged position of questioning the minds that matter on the big issues that concern us all. We often talk of war and conflict, the economy, culture, technology and revolutions as if they are something other than us. But all these things are a product of us - of our ideas, our dreams and our fears. We live in fast-moving and extraordinary times, and the changes we're experiencing now, in these first decades of the twenty-first century, feel particularly poignant as decisions are made that will inform our existence for years to come. What started out as a personal interest in the mechanisms that inform our views of the world, and a passion for understanding, has grown into a phenomenal compilation of once-in-a-lifetime conversations. In this incredible collection, Shah shares some of his most emotive and insightful interviews to date. Chapters include:  
Chapter 1. On Identity: Who We Are Chapter 2. On Culture: The Context of Humanity Chapter 3. On Leadership: Bringing Humanity Together Chapter 4. On Entrepreneurship: The Creators and the Makers Chapter 5. On Discrimination and Injustice: Them and Us Chapter 6. On Conflict: War, Peace and Justice Chapter 7. The beloved creator of Blues Clues and Daniel Tiger's Neighborhood and protégé of Fred Rogers explores the importance of kindness and how it can change your life in this essential guide and tie-in to the PBS special, "The Power of Radical Kindness." Angela C. Santomero, the creator, executive producer, and head writer of many of today's most popular educational children's shows believes in the radical power of kindness, on her shows, and in her life. Inspired by her mentor Fred Rogers, beloved host of the classic, award-winning PBS show Mister Rogers' Neighborhood, Angela has dedicated her life to teaching others that when you treat yourself and others with warmth, empathy, and respect, life changing benefits follows. From the true meaning of self-care and the gift of vulnerability, to the importance of active listening or the magic of asking for help, Radical Kindness goes beyond The Golden Rule and entreaties to "be nice," contending that kindness is the key to recognizing others, and ourselves, as worthy of love and understanding. Much like gratitude, Angela contends we need a kindness practice. A practice in which we learn to see with our hearts and act from a place of compassion. As the Dalai Lama says, "Be kind whenever possible. It is always possible." Through practicing radical kindness—toward ourselves, with loved ones, and to the world at large—we can transform ourselves, our neighborhood, and our world for the better.

An Entertainment Weekly "Best Tell-All" Book One of Parade Magazine's "Best Books About Movies/TV" Included in Publishers Weekly's "Top Ten Social Science Books" Before the recent reboots, reunions, and renaissance of classic Nickelodeon nostalgia swept through the popular imagination, there was SLIMED!, the book that started it all. With hundreds of

exclusive interviews and have-to-read-'em-to-believe-'em stories you won't find anywhere else, SLIMED! is the first-ever full chronicle of classic Nick...told by those who made it all happen! Nickelodeon nostalgia has become a cottage industry unto itself: countless podcasts, blogs, documentaries, social media communities, conventions, and beyond. But a little less than a decade ago, the best a dyed-in-the-wool Nick Kid could hope for when it came to coverage of the so-called Golden Age (1983–1995) of the Nickelodeon network was the infrequent listicle, op-ed, or even rarer interview with an actual old-school Nick denizen. Pop culture historian Mathew Klickstein changed all of that when he forged ahead to track down and interview more than 250 classic Nick VIP's to at long last piece together the full wacky story of how Nickelodeon became "the Only Network for You!" SLIMED! is a celebration of Nickelodeon that includes a foreword by Double Dare's Marc Summers and an afterword by none other than Artie, the Strongest Man in the World himself (aka Toby Huss). After you get SLIMED!, you'll never look at Nickelodeon the same way again. "Mathew Klickstein might be the geek guru of the 21st century."—Mark Mothersbaugh
