Tanhuma is one of the jewels of midrash literature. As one of the Yelammedenu midrashim, it is less diffuse than Genesis Rabbah, and its units are shorter than those of the Pesikta. It thus strikes a balance between the jumble of the one and the long sermons of the other. Just over a century ago, Solomon Buber published a new version of the Tanhuma based on an Oxford manuscript which is substantially different from the more common printed versions. It is this version or one very close to it which Rashi had before him and whose interpretations be

After keeping school for six years at the forks of Troublesome Creek in the Kentucky hills, James Still moved to a century-old log house between the waters of Wolfpen Creek and Dead Mare Branch, on Little Carr Creek, and became "the man in the bushes" to his curious neighbors. Still joined the life of the scattered community. He raised his own food, preserved fruits and vegetables for the winter, and kept two stands of bees for honey. A neighbor remarked of Still, "He's left a good job, and come over in here and sot down." Still did sit down and write -- the classic novel *River of Earth* and many poems and short stories that have found their way into national publications. From the beginning, Still jotted down expressions, customs, and happenings unique to the region. After half a century those jottings filled twenty-one notebooks. Now they have been brought together in *The Wolfpen Notebooks*, together with an interview with Still, a glossary, a comprehensive bibliography of his work by William Terrell Cornett, and examples of Still's use of the "sayings" in poetry and prose. The "sayings" represent an aspect of the Appalachian experience not previously recorded and of a time largely past.

Margarita Borukaev (Borukaeva) has a romantic profession. She is a microbe hunter, and she pursued her prey with great ardor in some of the most prestigious laboratories of the Soviet Union. Then fate willed her to the front lines of microbiology in the United States of America. Undoubtedly, the riddles of this science seemed to her fantastically fascinating in light of the romantic nature of her soul, which, from her earliest adolescence manifested itself in its pull to find self-expression in poetry. Thus arose her first collection of poems (published in Moscow). Poems from those giving a lyric voice to important social issues, to poems that chronicled the joys, the vicissitudes, and the sorrows of love and sought to embody the beauty

of nature were written throughout her entire life. These poems appear regularly in the Russian-speaking American newspapers. Margarita also took a great interest in prose. Her essays, stories, and short novels have been published in American (in English) and Russian-American (in Russian) magazines and newspapers. Recently, she has published this book in Russia. The book is based on autobiographical events, but includes stories about people involved in Margarita's life, and reflects conflicts she experienced in the Soviet Union. The content of some of the stories in this book is dramatic, but the style is so lyrical that it reminds one of verse in prose form. The book was instantly absorbed and disseminated by her readers. I found to reading this book effortless, entirely engrossing, since in it is reflected all of the facets of Margarita's character, her openness towards new people and new experiences, her friendliness, her unlimited capacity for compassion and understanding. Margarita has a remarkable ability to understand the core of a person and then to describe it with such affection and sympathy that, as a reader, I felt I shared not just her adventures, but also her friendships. I advise you to read this book as a long time friend and an old admirer of Margarita's talent. I am certain, that like me, once you begin it will capture your imagination until you reach the final paragraph. And, like me, long after you close the cover you will still reflect on the extraordinary events you

will have found there, and the unpredictable twist of fate that can be expected us all. Roy Medvedev.

A Survival Guide for Road Warriors

Samuel Taylor Coleridge was one of the Romantic Age's most enigmatic figures, a genius of astonishing diversity; author of some of the most famous poems in the English language, and co-author, with Wordsworth, of *Lyrical Ballads*; one of England's greatest critics and theorists of literature and imagination; as well as autobiographer, nature-writer, philosopher, theologian, psychologist and distinguished speaker. Throughout his life, he confided his thoughts and emotions to his notebooks, where we can still see his speculations and observations taking shape. This edition presents a selection from this unique work, newly presented, with notes and commentary, for the student as well as the general reader.

The Scouting Notebook 1999

Layering climate science, mythologies, nature writing, and personal experiences, this New York Times Notable Book presents a stunning

reckoning with our current moment and with the literal and figurative end of time. *Desert Notebooks* examines how the unprecedented pace of destruction to our environment and an increasingly unstable geopolitical landscape have led us to the brink of a calamity greater than any humankind has confronted before. As inhabitants of the Anthropocene, what might some of our own histories tell us about how to confront apocalypse? And how might the geologies and ecologies of desert spaces inform how we see and act toward time—the pasts we have erased and paved over, this anxious present, the future we have no choice but to build? Ehrenreich draws on the stark grandeur of the desert to ask how we might reckon with the uncertainty that surrounds us and fight off the crises that have already begun. In the canyons and oases of the Mojave and in Las Vegas's neon apocalypse, Ehrenreich finds beauty, and even hope, surging up in the most unlikely places, from the most barren rocks, and the apparent emptiness of the sky. *Desert Notebooks* is a vital and necessary chronicle of our past and our present—unflinching, urgent—yet timeless and profound.
