## The Age of Doubt

In *On Doubt*, Vilém Flusser refines Martin Heidegger's famous declaration that "language is the dwelling of Being." For Flusser, "the word is the dwelling of being," because in fact, in the beginning, there was the word. *On Doubt* is a treatise on the human intellect, its relation to language, and the reality-forming discourses that subsequently emerge. For Flusser, the faith that the modern age places in Cartesian doubt plays a role similar to the one that faith in God played in previous eras—a faith that needs to be challenged. Descartes doubts the world through his proposition *cogito ergo sum*, but leaves doubt itself untouched as indubitable and imperious. His *cogito ergo sum* may have proved to

the Western intellect that thoughts exist, but it did not prove the existence of that which thinks: one can eliminate thinking and yet continue being. Therefore, should we not doubt doubt itself? Should we not try to go beyond this last step of Cartesian doubt and look for a new faith? The twentieth century has seen many attempts to defeat Cartesian doubt, however, this doubt of doubt has instead generated a complete loss of faith, which the West experiences as existential nihilism. Hence, the emergent emptying of values that results from such extreme doubt. Everything loses its meaning. Can this climate be overcome? Will the West survive the modern age?

### Shadows of Doubt

In *Believing Again* Roger Lundin brilliantly explores the cultural consequences of the rather sudden nineteenth-century emergence of unbelief as a widespread social and intellectual option in the English-speaking world. / Lundin's narrative focuses on key poets and novelists from the past two centuries Dostoevsky, Dickinson, Melville, Auden, and more showing how they portray the modern mind and heart balancing between belief and unbelief. Lundin engages these literary luminaries through chapters on a series of vital subjects, from history and interpretation to beauty and memory. Such theologians as Barth and Balthasar also enter the fray, facing the challenge of modern unbelief with a creative brilliance that has gone largely unnoticed outside the world of faith. Lundin's *Believing Again* is a beautifully written, erudite examination of the drama and dynamics of belief in the modern world. In *Believing Again* Roger

Lundin brilliantly explores the cultural consequences of the rather sudden nineteenth-century emergence of unbelief as a widespread social and intellectual option in the English-speaking world. Lundin's narrative focuses on key poets and novelists from the past two centuries Dostoevsky, Dickinson, Melville, Auden, and more showing how they portray the modern mind in tension between faith and doubt. Lundin engages these literary luminaries through chapters on a series of vital subjects, from history and interpretation to beauty and memory. Such theologians as Barth and Balthasar also enter the discussion, facing the challenge of modern unbelief with a creative brilliance that has gone largely unnoticed outside the world of faith. Lundin's *Believing Again* is a beautifully written, erudite examination of the drama and dynamics of belief in the modern world.

### The Gospel for an Age of Doubt

### Waging War in an Age of Doubt

What if the most important word is the one in the middle? We often think of doubt as the opposite of faith, but could it actually strengthen our relationship with God? According to John Ortberg, best-selling author and pastor, the very nature of faith requires the presence of uncertainty. In this refreshingly candid look at a life of faith, he traces the line between belief and unbelief: less a dividing line between hostile camps than a razor's edge that runs through every soul. His findings point us toward the relief of being totally honest. Questions can expand our understanding,

uncertainty can lead to trust, and honest faith can produce outrageous hope. Written from Ortberg ' s own struggle with faith and doubt, this book will challenge, comfort, and inspire you with the truth that God wants all of us—including our doubts.

### Blood Hunt

A corrective to the much-discussed Victorian 'crisis of faith', this study focuses upon several prominent individuals who experienced a 'crisis of doubt' and made the reverse journey, abandoning secularism to defend Christianity. Their stories demonstrate the intellectual strength of faith in the nineteenth century.

### Crisis of Doubt

Long before philosophers started making the case for atheism, powerful, affectively laden cultural currents were sowing doubt in Europe. Alec Ryrie looks to the history of the Reformation and argues that emotions—anger at priestly corruption and anxieties attending the erosion of time-honored certainties—were the handmaidens of atheism.

### Death on the River of Doubt

In this page-turning contemporary thriller, National Book Award Finalist, Printz Award winner, and New York Times bestselling author Paolo Bacigalupi explores the timely issue of how public information is distorted for monetary gain, and how those who exploit it must be stopped. Everything Alix knows about her

life is a lie. At least that's what a mysterious young man who's stalking her keeps saying. But then she begins investigating the disturbing claims he makes against her father. Could her dad really be at the helm of a firm that distorts the truth and covers up wrongdoing by hugely profitable corporations that have allowed innocent victims to die? Is it possible that her father is the bad guy, and that the undeniably alluring criminal who calls himself Moses--and his radical band of teen activists--is right? Alix has to make a choice, and time is running out, but can she truly risk everything and blow the whistle on the man who loves her and raised her?

### Africa in Transformation

Andrea Camilleri's sensational Inspector Montalbano continues in the fourteenth instalment, *The Age of Doubt*. A chance encounter with a strange young woman leads Inspector Montalbano to Vigàta harbour – and into a puzzling new mystery. The crew of a mysterious yacht – the *Vanna* – due to dock in the area have discovered a corpse floating in the water, the dead man's face badly disfigured. It isn't long before Montalbano begins to become suspicious of the *Vanna's* inhabitants. Who is the yacht's owner, the glamorous and short-tempered Livia Giovannini? How has she accrued her riches? And why does she spend so much time at sea? Meanwhile Montalbano finds himself getting into tangles with the dreaded Commissioner, the exasperating Dr Lattes and a very beautiful young woman at the harbour, with whom he becomes dangerously besotted . . . Can the Inspector clear his

head long enough to unravel this murky mystery? The Age of Doubt is followed by The Dance of the Seagull, the fifteenth book in the series.

### The Triumph of Doubt

### Beyond a Reasonable Doubt

In *Benefit of the Doubt*, influential theologian, pastor, and bestselling author Gregory Boyd invites readers to embrace a faith that doesn't strive for certainty, but rather for commitment in the midst of uncertainty. Boyd rejects the idea that a person's faith is as strong as it is certain. In fact, he makes the case that doubt can enhance faith and that seeking certainty is harming many in today's church. Readers who wrestle with their faith will welcome Boyd's message that experiencing a life-transforming relationship with Christ is possible, even with unresolved questions about the Bible, theology, and ethics. Boyd shares stories of his own painful journey, and stories of those to whom he has ministered, with a poignant honesty that will resonate with readers of all ages.

### Sculpture in the Age of Doubt

From Freud to the new atheists, it is widely assumed that science is the enemy of religious faith. The idea is so pervasive that whole industries of religious apologetics converge around the challenge of Darwin, evolution, and the "secular worldview." This book challenges such assumptions by proposing a different

cause of unbelief in the West: the Christian conscience. Tracing a history of doubt and unbelief from the Reformation to the age of Darwin and Karl Marx, *The Soul of Doubt* argues that the most powerful solvents of religious orthodoxy have been concepts of moral equity and personal freedom generated by Christianity itself. The book demonstrates that the radical criticism of philosophers as influential as Spinoza, Voltaire and Ludwig Feuerbach was not the product of science. It emerged from a collision between religious values and religious practices, preeminently acts of persecution. This study offers a bold interpretation of the Enlightenment as a movement of vigorous spirituality, and it turns on its head conventional wisdom about the impact of Darwin and scientific naturalism. The "nemesis of faith" was not science or secular reason: it was an ethical intuition that a dangerous God cannot be real.

### The Dance of the Seagull

Framed in a lucid discussion of the intellectual issues surrounding the postmodern movement, the essays in this book re-examine the course of twentieth-century art through the work of twenty-five major sculptors. McEvelley masterfully traces the evolution of modern sculpture from the readymades of Marcel Duchamp to the anti-painting statements of the 1960s to the spiritualism and conceptualism of the 1980s and 1990s. This is a groundbreaking work in the field of art criticism and a fundamental text for anyone interested in the history of current art and culture. Allworth Press, an imprint of Skyhorse Publishing, publishes a

broad range of books on the visual and performing arts, with emphasis on the business of art. Our titles cover subjects such as graphic design, theater, branding, fine art, photography, interior design, writing, acting, film, how to start careers, business and legal forms, business practices, and more. While we don't aspire to publish a New York Times bestseller or a national bestseller, we are deeply committed to quality books that help creative professionals succeed and thrive. We often publish in areas overlooked by other publishers and welcome the author whose expertise can help our audience of readers.

### Benefit of the Doubt

"With a new foreword by the author" -- Cover.

### On Doubt

"I did have a murderous trip down South, but it was mighty interesting." In October 1913, Theodore Roosevelt arrived in Rio de Janeiro, Brazil, on a tour of South America. The thrill-seeking adventurer had no idea that he would soon receive an offer he couldn't refuse: the chance to lead an expedition deep into the Amazon jungle to chart an unmapped river with his son Kermit and renowned Brazilian explorer Candido Mariano da Silva Rondon. *Death on the River of Doubt* takes readers inside the thrilling journey that unfolds as Roosevelt, Rondon, Kermit, and their companions navigate an unpredictable river through an unforgiving jungle. With new threats at every turn, from bloodthirsty piranhas and raging rapids to starvation,

disease, and a traitor in their own ranks, it seems that not everyone will make it out alive. Through it all, the indomitable Teddy Roosevelt remained determined to complete their mission and rewrite the map of the world. Or die trying.

### The Age of Doubt

The Victorian era was the first great "Age of Doubt"; and a critical moment in the history of Western ideas. Leading nineteenth-century intellectuals battled the Church and struggled to absorb radical scientific discoveries that upended everything the Bible had taught them about the world. In "The Age of Doubt," distinguished scholar Christopher Lane tells the fascinating story of a society under strain as virtually all aspects of life changed abruptly. In deft portraits of scientific, literary, and intellectual icons who challenged the prevailing religious orthodoxy, from Robert Chambers and Anne Bronte; to Charles Darwin and Thomas H. Huxley, Lane demonstrates how they and other Victorians succeeded in turning doubt from a religious sin into an ethical necessity. The dramatic adjustment of Victorian society has echoes today as technology, science, and religion grapple with moral issues that seemed unimaginable even a decade ago. Yet the Victorians'; crisis of faith generated a far more searching engagement with religious belief than the "new atheism"; that has evolved today. More profoundly than any generation before them, the Victorians came to view doubt as inseparable from belief, thought, and debate, as well as a much-needed antidote to fanaticism and unbridled certainty. By

contrast, a look at today's extremes-;from the biblical literalists behind the Creation Museum to the dogmatic rigidity of Richard Dawkins's atheism-;highlights our modern-day inability to embrace doubt."

### In Doubt

From the New York Times bestselling author of *The Potter's Field*, the fourteenth mystery in Andrea Camilleri's "savagely funny" (The New York Times Book Review) Inspector Montalbano series *The day after a storm floods Vig à ta*, Inspector Montalbano encounters a strange, bedraggled woman who expresses interest in a certain yacht scheduled to dock that afternoon. Not long after she's gone, the crew of the yacht reports having found a dinghy in the port, and within it, a disfigured corpse. Also at anchor is an eighty-five-foot luxury boat with a somewhat shady crew. Both boats will have to stay in Vig à ta until the investigation is over—the unidentified man was poisoned, it seems. Based on the information—and misinformation—the mysterious woman shared with him, Montalbano begins to think the occupants of the yacht just might know a little more about the man's death than they're letting on.

### The River of Doubt

Set in a Bronx Catholic school in 1964, a nun is faced with uncertainty as she has grave concerns for a male colleague.

### The Age of Doubt

A revealing look at Jewish men and women who secretly explore the outside world, in person and online, while remaining in their ultra-Orthodox religious communities. What would you do if you questioned your religious faith, but revealing that would cause you to lose your family and the only way of life you had ever known? *Hidden Heretics* tells the fascinating, often heart-wrenching stories of married ultra-Orthodox Jewish men and women in twenty-first-century New York who lead “double lives” in order to protect those they love. While they no longer believe that God gave the Torah to Jews at Mount Sinai, these hidden heretics continue to live in their families and religious communities, even as they surreptitiously break Jewish commandments and explore forbidden secular worlds in person and online. Drawing on five years of fieldwork with those living double lives and the rabbis, life coaches, and religious therapists who minister to, advise, and sometimes excommunicate them, Ayala Fader investigates religious doubt and social change in the digital age. The internet, which some ultra-Orthodox rabbis call more threatening than the Holocaust, offers new possibilities for the age-old problem of religious uncertainty. Fader shows how digital media has become a lightning rod for contemporary struggles over authority and truth. She reveals the stresses and strains that hidden heretics experience, including the difficulties their choices pose for their wives, husbands, children, and, sometimes, lovers. In following those living double lives, who range from the religiously observant but open-minded on one end to atheists on the other, Fader delves into universal quandaries of faith and skepticism, the ways digital

media can change us, and family frictions that arise when a person radically transforms who they are and what they believe. In stories of conflicts between faith and self-fulfillment, *Hidden Heretics* explores the moral compromises and divided loyalties of individuals facing life-altering crossroads.

### Tainted Witness

Crime and punishment occur under extreme uncertainty. Offenders, victims, police, judges, and jurors make high-stakes decisions with limited information under severe time pressure. With compelling stories and data on how people act and react, O'Flaherty and Sethi reveal the extent to which we rely on stereotypes as shortcuts in our decision making.

### Acqua Alta

As a former soldier, Gordon Reeve knows something about killing. So despite the fact that the death of his brother Jim has been ruled a suicide, Gordon can't shake the feeling that someone is responsible. Traveling alone across an ocean, he arrives in California determined to get answers: Why was the car Jim's body was found in locked from the outside? Who would want Jim dead? And now why do the local cops seem bent on thwarting Gordon's efforts to uncover the truth? With all the verve and taut pacing that have made Ian Rankin an internationally renowned suspense writer, *Blood Hunt* is a gripping story of one man's dogged pursuit of justice.

## The Faith to Doubt

The Christian life is a battle, but many believers today don't realize their involvement in spiritual warfare. Our secular society, characterized by doubt and spiritual skepticism, leaves many Christians embarrassed even to talk about demonic forces of opposition. In order to awaken Christians to the battle around them and prepare them for it, Robert Smart surveys the terrain, identifies the enemy, and conveys defensive and offensive maneuvers for combating Satan. Just as military science combines knowledge of the humanities, natural sciences, applied sciences, and engineering, so this "military textbook" combines knowledge of the Bible, historical theology, contemporary culture, apologetics, practical theology, and biblical counseling. Here is a well-rounded overview of the unavoidable reality of spiritual warfare. Table of Contents:  
Introduction: The Call to Engage in Spiritual Warfare 1.  
God Is a Warrior: Biblical Foundations for Spiritual Warfare 2. Historical Theology on Spiritual Warfare 3.  
The Age of Doubt and the Conditions for Unbelief 4.  
Satan's Strategies When Christians Are Vulnerable 5.  
Waging War in God's Strength, Armor, and Weapons 6.  
Waging War on Identity 7. Curses and Power Encounters Conclusion: Saints Triumphant in the Gospel

## Merchants of Doubt

"Fascinating, elegant . . . [Easterbrook] invests the timeless question of life's meaning with distinctly contemporary pertinence."--George Will, Newsweek

Yes, says Gregg Easterbrook in this provocative and probing new book. In the tradition of Jack Miles's *God A Biography* and the work of Karen Armstrong, *Beside Still Waters* ponders the question "Is there anything left to believe in?" Gregg Easterbrook persuasively argues that rationality and outright doubt are inevitable and indeed vital elements of spiritual faith. Other new and important ideas about spiritual thought include the challenging observation that the Bible never actually proclaims God omnipotent -- a concept, Easterbrook suggests, that arose through the sociology and politics of religion, nor Scripture. Bucking the current trend to undermine the Bible's historical value, he affirms that it is neither simple myth nor mere literature, but rather it records many genuine events that can be seen to chart a spiritual journey not only of man but also of God. A thought-provoking book for anyone who believes that true faith can and should accommodate sincere doubt, *Beside Still Waters* addresses some of the central spiritual issues of a profoundly skeptical age.

### Faith and Doubt

Venetian detective Guido Brunetti swings into action when the curator of Venice's most prestigious museum turns up dead, bludgeoned by a priceless artifact, and an American archaeologist and close friend narrowly escapes the killer.

### Doubt: A History

Criminal justice is unavoidably human. Detectives, witnesses, suspects, and victims shape investigations;

prosecutors, defense attorneys, jurors, and judges affect the outcome of adjudication. Simon shows how flawed investigations produce erroneous evidence and why well-meaning juries send innocent people to prison and set the guilty free.

### The Salmon of Doubt

Examines the 1940s by looking at the impact of the changing role of women, the publication of Dr. Spock's book on child care, the production of movies, the debut of television, and more

### 40 Days of Doubt

In the tradition of grand sweeping histories such as *From Dawn To Decadence*, *The Structure of Scientific Revolutions*, and *A History of God*, Hecht champions doubt and questioning as one of the great and noble, if unheralded, intellectual traditions that distinguish the Western mind especially—from Socrates to Galileo and Darwin to Wittgenstein and Hawking. This is an account of the world's greatest 'intellectual virtuosos,' who are also humanity's greatest doubters and disbelievers, from the ancient Greek philosophers, Jesus, and the Eastern religions, to modern secular equivalents Marx, Freud and Darwin—and their attempts to reconcile the seeming meaninglessness of the universe with the human need for meaning. This remarkable book ranges from the early Greeks, Hebrew figures such as Job and Ecclesiastes, Eastern critical wisdom, Roman stoicism, Jesus as a man of doubt, Gnosticism and Christian mystics, medieval Islamic, Jewish and Christian

skeptics, secularism, the rise of science, modern and contemporary critical thinkers such as Schopenhauer, Darwin, Marx, Freud, Nietzsche, the existentialists.

### Unbelievers

“ You either love Andrea Camilleri or you haven ’ t read him yet. Each novel in this wholly addictive, entirely magical series, set in Sicily and starring a detective unlike any other in crime fiction, blasts the brain like a shot of pure oxygen. Aglow with local color, packed with flint-dry wit, as fresh and clean as Mediterranean seafood — altogether transporting. Long live Camilleri, and long live Montalbano. ” A.J. Finn, #1 New York Times bestselling author of *The Woman in the Window*

Witty and entertaining, the Montalbano novels by Andrea Camilleri—a master of the Italian detective story—have become favorites of mystery fans everywhere. In this latest installment, an unidentified corpse is found near Vigà ta, a town known for its soil rich with potter's clay. Meanwhile, a woman reports the disappearance of her husband, a Colombian man with Sicilian origins who turns out to be related to a local mobster. Then Inspector Montalbano remembers the story from the Bible—Judas's betrayal, the act of remorse, and the money for the potter's field, where those of unknown or foreign origin are to be buried—and slowly, through myriad betrayals, finds his way to the solution to the crime.

### George MacDonald in the Age of Miracles

In this Hansen Lectureship volume, Timothy Larsen

considers the legacy of George MacDonald, the Victorian Scottish author and minister who is best known for his pioneering fantasy literature. Larsen explores how MacDonald sought to counteract skepticism, unbelief, naturalism, and materialism and to herald instead the reality of the miraculous, the supernatural, the wondrous, and the realm of the spirit.

### The Soul of Doubt

At once an incredible adventure narrative and a penetrating biographical portrait, *The River of Doubt* is the true story of Theodore Roosevelt's harrowing exploration of one of the most dangerous rivers on earth. The River of Doubt—it is a black, uncharted tributary of the Amazon that snakes through one of the most treacherous jungles in the world. Indians armed with poison-tipped arrows haunt its shadows; piranhas glide through its waters; boulder-strewn rapids turn the river into a roiling cauldron. After his humiliating election defeat in 1912, Roosevelt set his sights on the most punishing physical challenge he could find, the first descent of an unmapped, rapids-choked tributary of the Amazon. Together with his son Kermit and Brazil's most famous explorer, Cândido Mariano da Silva Rondon, Roosevelt accomplished a feat so great that many at the time refused to believe it. In the process, he changed the map of the western hemisphere forever. Along the way, Roosevelt and his men faced an unbelievable series of hardships, losing their canoes and supplies to punishing whitewater rapids, and enduring starvation, Indian attack, disease, drowning, and a murder within their own ranks. Three

men died, and Roosevelt was brought to the brink of suicide. The River of Doubt brings alive these extraordinary events in a powerful nonfiction narrative thriller that happens to feature one of the most famous Americans who ever lived. From the soaring beauty of the Amazon rain forest to the darkest night of Theodore Roosevelt ' s life, here is Candice Millard ' s dazzling debut. From the Trade Paperback edition.

### The Origins of Reasonable Doubt

Kierkegaard said that faith without doubt is simply credulity, the will to believe too readily, especially without adequate evidence, and that "in Doubt can Faith begin." All people involved in spiritual practice, of whatever persuasion, must confront doubt at one time or another, and find a way beyond it to belief, however temporary. But "faith is not equivalent to mere belief. Faith is the condition of ultimate confidence that we have the capacity to follow the path of doubt to its end. And courage." In this engaging spiritual memoir, Stephen Batchelor describes his own training, first as a Tibetan Buddhist and then as a Zen practitioner, and his own direct struggles along his path. "It is most uncanny that we are able to ask questions, for to question means to acknowledge that we do not know something. But it is more than an acknowledgement: it includes a yearning to confront an unknown and illuminate it through understanding. Questioning is a quest." Batchelor is a contemporary Buddhist teacher and writer, best known for his secular or agnostic approach to Buddhism. He considers Buddhism to be a constantly evolving culture of awakening rather than a religious

system based on immutable dogmas and beliefs. Buddhism has survived for the past 2,500 years because of its capacity to reinvent itself in accord with the needs of the different Asian societies with which it has creatively interacted throughout its history. As Buddhism encounters modernity, it enters a vital new phase of its development. Through his writings, translations and teaching, Stephen engages in a critical exploration of Buddhism's role in the modern world, which has earned him both condemnation as a heretic and praise as a reformer.

### Hidden Heretics

This edition is recommended for readers with a strong Torah background, seeking an informed, yet less secular, approach. It has been revised and expanded, containing 40 additional pages. A penetrating, engagingly written book with compelling evidence of the truths of Judaism. With wisdom, wit, and a wide range of sources, the author presents a ground-up approach to Judaism, bringing a fresh perspective that will challenge and educate readers from every background and skill level. From yeshivah students to university professors, this book is an easily readable, eminently eye-opening look at subjects like the divine origin of Torah, understanding the Holocaust and human suffering, G-d's foreknowledge vs. our free will, amongst others. Reading this well-researched book is a surefire way to eminently strengthen one's belief, and lay to rest many gnawing questions about G-d, Torah, and Judaism. This edition contains additional information and appendixes that were not included in

previous editions.

## Doubt

In 1991, Anita Hill's testimony during Clarence Thomas's Senate confirmation hearing brought the problem of sexual harassment to a public audience. Although widely believed by women, Hill was defamed by conservatives and Thomas was confirmed to the Supreme Court. The tainting of Hill and her testimony is part of a larger social history in which women find themselves caught up in a system that refuses to believe what they say. Hill's experience shows how a tainted witness is not who someone is, but what someone can become. Why are women so often considered unreliable witnesses to their own experiences? How are women discredited in legal courts and in courts of public opinion? Why is women's testimony so often mired in controversies fueled by histories of slavery and colonialism? How do new feminist witnesses enter testimonial networks and disrupt doubt? *Tainted Witness* examines how gender, race, and doubt stick to women witnesses as their testimony circulates in search of an adequate witness. Judgment falls unequally upon women who bear witness, as well-known conflicts about testimonial authority in the late twentieth and early twenty-first centuries reveal. Women's testimonial accounts demonstrate both the symbolic potency of women's bodies and speech in the public sphere and the relative lack of institutional security and control to which they can lay claim. Each testimonial act follows in the wake of a long and invidious association of race and gender

with lying that can be found to this day within legal courts and everyday practices of judgment, defining these locations as willfully unknowing and hostile to complex accounts of harm. Bringing together feminist, literary, and legal frameworks, Leigh Gilmore provides provocative readings of what happens when women's testimony is discredited. She demonstrates how testimony crosses jurisdictions, publics, and the unsteady line between truth and fiction in search of justice.

### Without a Doubt

Documents the troubling influence of a small group of scientists who the author contends misrepresent scientific facts to advance key political and economic agendas, revealing the interests behind their detractions on findings about acid rain, DDT, and other hazards.

### Believing Again

Luke McCallin, author of *The Pale House* and *The Man from Berlin*, delivers a dark, compelling thriller set in post-World War II Germany featuring ex-intelligence officer Captain Gregor Reinhardt. A year after Germany's defeat, Reinhardt has been hired back onto Berlin's civilian police force. The city is divided among the victorious allied powers, but tensions are growing, and the police are riven by internal rivalries as factions within it jockey for power and influence with Berlin's new masters. When a man is found slain in a broken-down tenement, Reinhardt embarks on a gruesome

investigation. It seems a serial killer is on the loose, and matters only escalate when it's discovered that one of the victims was the brother of a Nazi scientist. Reinhardt's search for the truth takes him across the divided city and soon embroils him in a plot involving the Western Allies and the Soviets. And as he comes under the scrutiny of a group of Germans who want to continue the war--and faces an unwanted reminder from his own past--Reinhardt realizes that this investigation could cost him everything as he pursues a killer who believes that all wrongs must be avenged

### The Age of Doubt

“ Faith is permitting ourselves to be seized by the things we do not see. ” --Martin Luther Do you ever wonder whether you ' re really a Christian and cling to what ' s left of your faith when you feel like an outsider — even among other believers. Have you ever doubted your faith? Have you ever, deep down in your heart, doubted that God was really present in your life? Or wondered whether everything you believed in as a Christian was false? Call it existential doubt. Call it “ the dark night of the soul, ” as one Christian saint famously did. Whatever you call it, it ' s real. It is personal, it is painful, it is distressing, and it can last for years? maybe even a lifetime. But you are not alone. 40 Days of Doubt: Devotions for the Skeptic is for all those sports-talk listening, eye-rolling, Game-of-Thrones-loving, abnormal believers out there. If you ' ve ever felt that your mind and soul were fighting, you ' ll find solace in these awe and wonder-filled reflections by pastor and author Eric Huffman. This devotional helps us

understand how we can cope with our questions, and provides insightful answers during our times of doubt. Product Features: Shares 40 devotionals on life and faith. Explores questions readers may be asking about their faith. Offers guidance for those wanting candid insight about Christianity. Weekly Study Guides available at [www.EricHuffman.org/books](http://www.EricHuffman.org/books). “ Real. Bible. Wisdom. Eric Huffman ’ s 40 days (with a bonus 41st day!) of meditations on life ’ s problems, opportunities and meanings is real, honest, biblically sound and wise. His sometimes edgy and direct testimony is inspirational and connects with our best and worst experiences. Buy it, then read it. ” Scott Jones, co-author of Ask, Faith Questions in a Skeptical Age “ 40 Days of Doubt is a cleverly constructed book that gives doubters space to (re)consider the fundamental claims of God over their lives. Well written with a very readable style Eric charts a path to a well-considered faith. ” Alan and Debra Hirsch, Missional Leaders, Authors and Speakers. “ As a recovering pastor, I confess I went through my own season of eye-rolling cynicism about church, religion and Christians. 40 Days of Doubt provides space to consider real questions for agnostics, skeptics, and just burned-out Christians who are tired of trite answers. ” Tim Stevens, Author of Marked By Love: A Dare To Walk Away from Judgment and Hypocrisy Reading 40 Days of Doubt feels like I am having a frank and straightforward conversation about all the things that stand in the way of giving one ’ s whole heart and life to following Jesus. With each issue Huffman addresses, he chooses not to pull any punches about how the culture of “ me ” is often the real impediment to faith, and how the obstacles are often not the message, but the way the church fails to live it

out. You may agree with him or disagree with him, but he will make you think as he peels back the layers of rhetoric and gets at the heart of the issue. If you are someone who wants to believe but can't quite get there, 40 Days of Doubt may be just the ticket. Tom Pace, Senior Pastor, St. Luke's United Methodist Church, Houston

### The Divided City

To be convicted of a crime in the US, a person must be proven guilty 'beyond a reasonable doubt'. But what is reasonable doubt? James Whitman digs deep into the history of the law and discovers that we have lost sight of the original purpose of reasonable doubt.

### Beside Still Waters

The latest from the New York Times bestselling author of *The Potter's Field*, winner of the Crime Writers' Association's International Dagger Award, and *The Age of Doubt* With Inspector Montalbano's most recent outings hitting the New York Times bestseller list, Andrea Camilleri's darkly refined Italian mysteries have become favorites of American crime novel fans. This latest installment finds Montalbano in search of his missing right-hand man. Before leaving for vacation with Livia, Montalbano witnesses a seagull doing an odd dance on the beach outside his home, when the bird suddenly drops dead. Stopping in at his office for a quick check before heading off, he notices that Fazio is nowhere to be found and soon learns that he was last seen on the docks, secretly working on a case.

Montalbano sets out to find him and discovers that the seagull's dance of death may provide the key to understanding a macabre world of sadism, extortion, and murder.

### The Doubt Factory

On Friday, May 11, 2001, the world mourned the untimely passing of Douglas Adams, beloved creator of *The Hitchhiker's Guide to the Galaxy*, dead of a heart attack at age forty-nine. Thankfully, in addition to a magnificent literary legacy—which includes seven novels and three co-authored works of nonfiction—Douglas left us something more. The book you are about to enjoy was rescued from his four computers, culled from an archive of chapters from his long-awaited novel-in-progress, as well as his short stories, speeches, articles, interviews, and letters. In a way that none of his previous books could, *The Salmon of Doubt* provides the full, dazzling, laugh-out-loud experience of a journey through the galaxy as perceived by Douglas Adams. From a boy's first love letter (to his favorite science fiction magazine) to the distinction of possessing a nose of heroic proportions; from climbing Kilimanjaro in a rhino costume to explaining why Americans can't make a decent cup of tea; from lyrical tributes to the sublime pleasures found in music by Procol Harum, the Beatles, and Bach to the follies of his hopeless infatuation with technology; from fantastic, fictional forays into the private life of Genghis Khan to extended visits with Dirk Gently and Zaphod Beeblebrox: this is the vista from the elevated perch of one of the tallest, funniest, most brilliant, and most

penetrating social critics and thinkers of our time. Welcome to the wonderful mind of Douglas Adams. From the Hardcover edition.

### The Potter's Field

“ Lopes brings his rigour, insight, and experience to this timely new book, presenting a compelling rethink of traditional development models in Africa and the need to seize on transformational change to build a sustainable future for the continent.” —Kofi Annan, former United Nations Secretary General “ Some readers will enjoy Lopes ’ eclectic brilliance and breath-taking culture. Others will salute his ability to bring compelling new angles to every topic. Everyone will be impressed with his craftsmanship, his rich and multi-faceted approach to development, and his high ethical standards. It is impossible to read this jewel book and not feel smarter. ” —Célestine Monga, African Development Bank ’ s Vice President and Chief Economist “ Drawing on his distinguished academic career, policy experience at the highest level, and deep love of the continent, Lopes provides a visionary analysis of Africa's current problems and future prospects. This book provides a highly unusual combination of intellectualism and hard-nosed pragmatism. A singular achievement. ” —Ha-Joon Chang, University of Cambridge, UK “ Thorough, thought-provoking, and beyond rhetoric: definitely a must-read for anyone who wants to understand Africa ’ s present and future. ” —Enrico Letta, former Prime Minister of Italy, Dean of the Paris School of International Affairs, Sciences Po, France Lopes delivers an overview of the

critical development issues facing the African continent today. He offers readers a blueprint of policies to address issues, and an intense, heartfelt meditation on the meaning of economic development in the age of democratic doubts, identity crises, global fears and threatening issues of sustainability.

### Planted

Well-heeled American corporations have long had a financial stake in undermining scientific consensus and manufacturing uncertainty. In *The Triumph of Doubt*, former Obama and Clinton official David Michaels details how corrupt science becomes public policy -- and where it's happening today. Opioids. Concussions. Obesity. Climate Change. America is a country of everyday crises -- big, long-spanning problems that persist despite their toll on the country's health. And for every case of government inaction on one of these issues, there is a set of familiar, doubtful refrains: The science is unclear. The data are inconclusive. Regulation is unjustified. It's a slippery slope. Is it? *The Triumph of Doubt* traces the ascendance of science-for-hire in American life and government, from its origins in the tobacco industry in the 1950s to its current manifestations across government, public policy, and even professional sports. Amid fraught conversations of "alternative facts" and "truth decay," *The Triumph of Doubt* wields its unprecedented access to shine a light on the machinations and scope of manipulated science in American society. It is an urgent, revelatory work, one that promises to reorient conversations around science and the public good for the foreseeable future.
