Serial Killers & Psychopaths

A real-life thriller in the vein of *The Devil in the White City*, Kate Winkler Dawson's debut *Death in the Air* is a gripping, historical narrative of a serial killer, an environmental disaster, and an iconic city struggling to regain its footing. London was still recovering from the devastation of World War II when another disaster hit: for five long days in December 1952, a killer smog held the city firmly

Free Reading The Big Book Of Serial Killers Volume 2 Another 150 Serial Killer Files Of The Worlds Worst Murderers An Encyclopedia Of Serial Killers

in its grip and refused to let go. Day became night, mass transit ground to a halt, criminals roamed the streets, and some 12,000 people died from the poisonous air. But in the chaotic aftermath, another killer was stalking the streets, using the fog as a cloak for his crimes. All across London, women were going missing--poor women, forgotten women. Their disappearances caused little alarm, but each of them had one thing in common: they had the misfortune of meeting a quiet, unassuming man, John Reginald Christie, who invited them back to his decrepit Notting Hill flat during that dark winter. They never left. The eventual arrest of the "Beast of Rillington Place" caused a media frenzy: were there more bodies buried in the walls, under the floorboards, in the back garden of this house of horrors? Was it the fog that had caused Christie to suddenly snap? And what role had he played in the notorious double murder that had happened in that same apartment building not three years before--a murder for which another, possibly innocent, man was sent to the gallows? The Great Smog of 1952 remains the deadliest air pollution disaster in world history, and John Reginald Christie is still one of the most unfathomable serial killers of modern times. Journalist Kate Winkler Dawson braids these strands together into a taut, compulsively readable true crime thriller about a man who changed the fate of the death penalty in the UK, and an environmental catastrophe with implications that still echo today.

A Serial Killer's Daughter

Encyclopedia of Serial Killers WARNING: There are several graphic crime scene photos in this book that some may find disturbing. The ultimate reference for anyone compelled by the pathologies and twisted minds behind the most disturbing of homicidal monsters. Serial Griller

Our first volume caused such an impact that we've decided to bring you the long-awaited Volume 2 of the most comprehensive Serial Killer encyclopedia ever published! Murderers or monsters, normal people turned bad or people born with the desire to kill; it doesn't

Free Reading The Big Book Of Serial Killers Volume 2 Another 150 Serial Killer Files Of The Worlds Worst Murderers. An Encyclopedia Of Serial Killers.

matter where they come from, serial killers strike dread into our hearts with a single mention of their names. Hunting in broad daylight or stalking from the shadows, we are their prey and their hunt is never done until they are caught or killed. With a worrying number of them living in our communities, working alongside us at our places of employment and sharing the same spaces where we spend time with our families, serial killers are typically just another neighbor that we barely think about. A worrying thought, to be honest. In The Big Book of Serial Killers Volume 2 we go through the lives of 150 serial killers who allowed themselves to fall under the influence of their darkest desires and took the lives anywhere from one to one hundred victims; we speak of their motives and how their stories ended (if they ended), and remind you of the fear and pain that they left behind. But what can you expect from The Big Book of Serial Killers Volume 2? You will find such things as: An excellent A-Z list of all of these deadly killers, allowing you to reference the encyclopedia whenever you need to find out more about any single murderer. All of the uncensored details of their crimes, with much effort taking into account to describe their horrific acts. Important information on their date and place of birth, date of arrest and number of victims, among other facts. A list of Trivia facts for each killer, allowing you to learn more about their personalities and any films or documentaries made about them. So, with nothing more to add - it's only time now for you purchase this book and begin learning about 150 of the sickest, most dangerous serial killers in world history. This is the next level in murder: are you ready to learn about the vilest men and women in history?

Death in the Air

We all know the basics of punctuation. Or do we? A look at most neighborhood signage tells a different story. Through sloppy usage and low standards on the internet, in email, and now text messages,

Free Reading The Big Book Of Serial Killers Volume 2 Another 150 Serial Killer Files Of The Worlds Worst Murderers An Encyclopedia Of Serial Killers

we have made proper punctuation an endangered species. In *Eats, Shoots & Leaves*, former editor Lynne Truss dares to say, in her delightfully urbane, witty, and very English way, that it is time to look at our commas and semicolons and see them as the wonderful and necessary things they are. This is a book for people who love punctuation and get upset when it is mishandled. From the invention of the question mark in the time of Charlemagne to George Orwell shunning the semicolon, this lively history makes a powerful case for the preservation of a system of printing conventions that is much too subtle to be mucked about with.

The Serial Killer Books

“Smart, literate, funny.” —Lev Grossman, author of *The Magicians*
Someone is dead set to air the spy agency’s dirty laundry in *The Delirium Brief*, the next installment to Charles Stross’ Hugo Award-winning comedic dark fantasy *Laundry Files* series! Bob Howard’s career in the Laundry, the secret British government agency dedicated to protecting the world from unspeakable horrors from beyond spacetime, has entailed high combat, brilliant hacking, ancient magic, and combat with indescribably repellent creatures of pure evil. It has also involved a wearying amount of paperwork and office politics, and his expense reports are still a mess. Now, following the invasion of Yorkshire by the Host of Air and Darkness, the Laundry’s existence has become public, and Bob is being trotted out on TV to answer pointed questions about elven asylum seekers. What neither Bob nor his managers have foreseen is that their organization has earned the attention of a horror far more terrifying than any demon: a British government looking for public services to privatize. Inch by inch, Bob Howard and his managers are forced to consider the truly unthinkable: a coup against the British government itself. *Laundry Files* 1. *The Atrocity Archives* 2. *The Jennifer Morgue* 3. *The Fuller Memorandum* 4.

The Wikipedia Encyclopedia of Serial Killers

Serial Killer Fanatics - A very unique coloring book has arrived. You have never seen Jeffrey Dahmer, Robert Berdella or Ted Bundy like this. Who said coloring books were exclusively for children? There are monsters hiding in the darkness, and yet for some reason, our curiosity and fascination can't help but attract us to them - our minds wishing to discover their philosophies and our interest growing as we learn more of them. For many of these murderers, death became more than just a crime: it became an art. An art which they practiced and enjoyed, like the painting of a portrait, or the coloring of a book just like this one. In The Serial Killer Coloring Book we shall provide you with:- 38 of the most famous serial killers brought to you in a way you've never seen them before.- High-resolution images which will allow you to fill in the smallest details and achieve the most realistic results.- Single-sided pages, with each image given its own page to save you from worrying about the colors bleeding through and damaging your next serial killer's image.- Very accurate symbolism to each killer, providing context to their atrocious crimes and creepy stories.- The possibility of a fantastic gift for your friends, family and loved ones who love the True Crime genre. So, what are you waiting for? Discover this entirely fresh take on coloring books and tackle anxiety and stress in an incredible new way with The Serial Killer Coloring Book.

The Big Book of Serial Killers Volume 2

The Big Book of Celebrity Autopsies

Free Reading The Big Book Of Serial Killers Volume 2 Another 150 Serial Killer Files Of The Worlds Worst Murderers An Encyclopedia Of Serial Killers

Are you born a killer or are you shaped into one? How does one escape from his cell to start a 20+ victim killing spree? How incredible evil can one be to murder over 24 children in less than two years? These are questions we will dig deep into as we investigate eight serial killers and murderers in this addition to Serial Killers Rage and Horror. Serial killers both intrigue and disgust the average member of society, and many question why this is. Is it because they do seem such regular people in the daylight? Or perhaps it is simply because it is hard to fathom how someone can cross that ever-present line of what is right and what is most horribly wrong. One of the most unusual cases in this book surrounds the murders of several women in Canada by a totally unique method, which may surprise you. Another, the story of Robert Hansen will terrify you. And the cases of the Atlanta Child Murderer and the Ogre of the Ardennes will sicken you to the core. But, once you start reading this book, it will be extremely hard for your curious mind to stop.

Cold Cases: A True Crime Collection

What is it like to learn that your ordinary, loving father is a serial killer? In 2005, Kerri Rawson heard a knock on the door of her apartment. When she opened it, an FBI agent informed her that her father had been arrested for murdering ten people, including two children. It was then that she learned her father was the notorious serial killer known as BTK, a name he'd given himself that described the horrific way he committed his crimes: bind, torture, kill. As news of his capture spread, Wichitacelebrated the end of a thirty-one-year nightmare. For Kerri Rawson, another was just beginning. She was plunged into a black hole of horror and disbelief. The same man who had been a loving father, a devoted husband, church president, Boy Scout leader, and a public servant had been using their family as a cover for his heinous crimes since

before she was born. Everything she had believed about her life had been a lie. Written with candor and extraordinary courage, *A Serial Killer's Daughter* is an unflinching exploration of life with one of America's most infamous killers and an astonishing tale of personal and spiritual transformation. For all who suffer from unhealed wounds or the crippling effects of violence, betrayal, and anger, Kerri Rawson's story offers the hope of reclaiming sanity in the midst of madness, rebuilding a life in the shadow of death, and learning to forgive the unforgivable. "No easy answers here. No platitudes. Only raw honesty, written with the gracious authority of one who has glimpsed hell. Kerri Rawson shares her earned wisdom and a hope that has been bought with tears and nightmares. This book is a gritty must-read in the library of hope." —Paul J. Pastor, author of *The Face of the Deep* and *The Listening Day*

Jack the Ripper

'To me it was like hunting. Hunting people down.' - Anatoly Onoprienko From perverse acts of cannibalism and dark sexual fantasies to vicious acts motivated by greed and a simple lust for blood, this book reveals the methods and motivations of some of the world's most notorious serial killers, including Juan Corona, Ian Brady & Myra Hindley, Pee Wee Gaskins and Ivan Milat. Discover the true stories behind celebrity murderers whose names have become legend, including Jeffrey Dahmer, Charles Manson, Leonard Lake and Charles Ng, as well as the chilling truth about psychopaths such as Anatoly Onoprienko, whose urge to murder whole families was suppressed by the USSR and has only recently come to light. Whatever the personal stories that emerge from this line-up of twisted individuals, *Serial Killers* is a compelling testament, and warning, of the potential of human behaviour for true horror and pure evil.

I Am Not A Serial Killer

John Wayne Cheever keeps his obsession with serial killers in check by a set of rigid rules that he lives by, hoping to prevent himself from committing murder, but when a body turns up at a laundromat, must confront a danger outside himself.

A World of Discovery

True crime anthology that takes a closer look at some of the worst of the worst serial killers.

The Encyclopedia of Serial Killers

Even the world's most depraved murderers were once only known as somebody's neighbor or someone's son. What turned these people into killers? And why is everyone so fascinated with them? In one chilling chapter after another, this book profiles a terrifying succession of homicidal maniacs. It takes readers inside the minds of the people who committed the world's most notorious and horrendous crimes. Are they inhuman beasts beyond compassion, or human beings just like us who simply crossed a line and could not find a way back? Each story stands alone as a frightening tale. Drawn together in this one volume, *Serial Killers and Mass Murderers* present a fascinating investigation of the dark side.

Serial Killer Trivia

For decades now, serial killers have taken center stage in the news and entertainment media. The coverage of real-life murderers such as Ted Bundy and Jeffrey Dahmer has transformed them into ghoulish celebrities. Similarly, the popularity of fictional characters such as Hannibal “The Cannibal” Lecter or Dexter demonstrates

Free Reading The Big Book Of Serial Killers Volume 2 Another 150 Serial Killer Files Of The Worlds Worst Murderers An Encyclopedia Of Serial Killers

just how eager the public is to be frightened by these human predators. But why is this so? Could it be that some of us have a gruesome fascination with serial killers for the same reasons we might morbidly stare at a catastrophic automobile accident? Or it is something more? In *Why We Love Serial Killers*, criminology professor Dr. Scott Bonn explores our powerful appetite for the macabre, while also providing new and unique insights into the world of the serial killer, including those he has gained from his correspondence with two of the world's most notorious examples, David Berkowitz ("Son of Sam") and Dennis Rader ("Bind, Torture, Kill"). In addition, Bonn examines the criminal profiling techniques used by law enforcement professionals to identify and apprehend serial predators, he discusses the various behaviors—such as the charisma of the sociopath— that manifest themselves in serial killers, and he explains how and why these killers often become popular cultural figures. Groundbreaking in its approach, *Why We Love Serial Killers* is a compelling look at how the media, law enforcement agencies, and public perception itself shapes and feeds the "monsters" in our midst.

The Killer Book of Serial Killers

Collects all twenty-eight stories and two serialized novels starring Continental Op, the hardworking private eye with an unyielding personal code.

The Big Book of the Continental Op

From the summer of 1979 through the spring of 1981, Atlanta, Georgia was held under siege by a serial killer and dozens of victims started to appear. The series of murders, which became known as the "Atlanta Child Murders case," gripped the city of Atlanta with fear and shocked the nation because most of the

Free Reading The Big Book Of Serial Killers Volume 2 Another 150 Serial Killer Files Of The Worlds Worst Murderers An Encyclopedia Of Serial Killers

victims were children. The fact that the victims were all black and mostly male caused many in Atlanta's black community to fear that their children were being targeted by a racist conspiracy. In this true crime book you will read about how the Atlanta Child Murders case put a city under siege and how a task force of law enforcement officers from several different agencies eventually captured the killer. You will follow the investigation as the police use what was at the time fairly new techniques of criminal profiling and fiber evidence to capture and convict the killer. For many around the country, once the killer was arrested, it was difficult to accept. The killer was a young, nerdy-looking man named Wayne Williams. To many people his background didn't seem to indicate he was a serial killer, but the professional profilers knew otherwise! Open the pages of the following book and learn the true story of Wayne Williams and the Atlanta Child Murders. You will learn about how Williams evolved from a nerdy kid who loved electronics into what is perhaps the most prolific black serial killer. You will be horrified by some of the details of this case, but you will not be able to put down this book.

Serial Killers & Mass Murderers

A concise, yet detailed look at some of the most dangerous individuals who have ever lived. Starting with examples of some of the earliest recorded psychopaths and serial killers, the authors present a carefully chosen cross-section of history's most infamous criminals.

Serial Killers Rage and Horror

From the author of South's Best Butts and A Southern Gentleman's Kitchen, an all-around grilling cookbook showcasing different methods and diverse cuisines, as well as sought-after stories and

recipes from America's all-star grillers Matt Moore confesses: He is a serial griller. He can't help it--if there's food and flame, he'll grill it. In his newest book, he shares his indiscriminate appetite for smoky perfection with a broad collection of recipes varied in method, technique, and cuisine. After a review of the basics--the Maillard reaction, which grill is best for you, and more--he takes the reader on a tour across America to round up authentic stories, coveted recipes, and indispensable tips from grill masters of the South and beyond, including stops at unexpected but distinguished chefs' spots like Michael Solomonov's Zahav and Ashley Christensen's Death & Taxes. Moore offers his own tried-and-true grilling recipes for every part of the meal, from starters and salads to handhelds (Tacos al Pastor, Pork Gyros) and big plates (Country-Style Ribs with Peach Salsa) to desserts (Grilled-Doughnut Ice Cream Sandwiches). *Serial Griller* is a serious and delicious exploration of how grilling is done all around America.

Trace Evidence

The Encyclopaedia of Serial Killers, Second Edition provides accurate information on hundreds of serial murder cases - from early history to the present. Written in a non-sensational manner, this authoritative encyclopaedia debunks many of the myths surrounding this most notorious of criminal activities. New major serial killers have come to light since the first edition was published, and many older cases have been solved (such as the Green River Killer) or further investigated (like Jack the Ripper and the Zodiac Killer). Completely updated entries and appendixes pair with more than 30 new photographs and many new entries to make this new edition more fascinating than ever. New and updated entries include: Axe Man of New Orleans; BTK Strangler; Jack the Ripper; Ciudad Juarez, Mexico; John Allen Muhammad and Lee Boyd Malvo, the Sniper Killers; Gary Leon Ridgway, the Green

The Big Book of Christmas Mysteries

Canada is seen as a peaceful place, but this wake-up call shows us that there have been more than 60 serial killers in our history.

Free Reading The Big Book Of Serial Killers Volume 2 Another 150 Serial Killer Files Of The World's Worst Murderers, An Encyclopedia Of Serial Killers

Limited time offer. There are more than 60 serial murderers in Canadian history. For too long awareness of serial murder in Canada has been confined to West Coast butcher Clifford Olson and the "Schoolgirl Murderers" Paul Bernardo and Karla Homolka, along with the horrific acts of pig farmer Robert Pickton. Unlike our American neighbours, Canada has been viewed as a nation untouched by the shadow of multiple murder. Then came Colonel Russell Williams and his bizarre homicides and serial home invasions, which were sensational news worldwide on the Internet and television and in scores of newspapers and magazines. The reason for Canada's serial killer blackout is clear: until now such information has never been compiled and presented in a single concise work. *Cold North Killers* is a wake-up call. This detailed and haunting account of Canada's worst monsters analyzes their crimes, childhoods, and inevitable downfalls. It is an indispensable compendium for any true crime lover, criminologist, or law-enforcement officer.

Serial Winner

They are probably the most notorious and infamous of all multiple murders, yet these are the very same criminals that continue to fascinate us more than any other. Sometimes it is the sheer callous deliberation that seems to capture the public's attention; other times, the macabre double-life led by many such slaughterers. Although the phenomenon has probably existed throughout human history, it is only the advancement of modern police detection methods and psychological profiling, as explained throughout this book, that have identified the deadly category now known as serial killers. From Jack the Ripper, Erszabet Batory, the countess vampire, and Big and Little Harpe to Ted Bundy, the Son of Sam and Jeffrey Dahmer, the whole era of the serial killer is unveiled here. These killers transfix us with an image of an apparently civilized society

Free Reading The Big Book Of Serial Killers Volume 2 Another 150 Serial Killer Files Of The Worlds Worst Murderers An Encyclopedia Of Serial Killers

within which extremely intelligent and rational individuals can commit seemingly random, utterly savage acts of cruelty and depravity. It may well be the darkest side of human activity, but there can be little doubt that the killers listed and described in these pages remain horribly fascinating - sometimes enigmatic and inexplicable - but always terrifyingly gripping.

Serial Killers

Bestselling true-crime writer Harold Schechter, a leading authority on serial killers, and coauthor David Everitt offer a guided tour through the bizarre and blood-chilling world of serial murder. Through hundreds of detailed entries that span the entire spectrum -- the shocking crimes, the infamous perpetrators, and much more -- they examine all angles of a gruesome cultural phenomenon that grips our imagination. From Art (both by and about serial killers) to Zeitgeist (how killers past and present embody their times) from Groupies (even the most sadistic killer can claim devoted fans) to Marriage (the perfect domestic disguise for demented killers) from Homebodies (psychos who slay in the comfort of their homes) to Plumbing (how clogged drains have undone the most discreet killer), **THE A TO Z ENCYCLOPEDIA OF SERIAL KILLERS** is the ultimate reference for anyone compelled by the personalities and pathologies behind the most disturbing of crimes.

sensitive, chilling, and completely impossible to put down." --Ada Calhoun, author of *St. Marks Is Dead* Ted Bundy. John Wayne Gacy. Jeffrey Dahmer. The names of notorious serial killers are usually well-known; they echo in the news and in public consciousness. But most people have never heard of Israel Keyes, one of the most ambitious and terrifying serial killers in modern history. The FBI considered his behavior unprecedented. Described by a prosecutor as "a force of pure evil," Keyes was a predator who struck all over the United States. He buried "kill kits"--cash, weapons, and body-disposal tools--in remote locations across the country. Over the course of fourteen years, Keyes would fly to a city, rent a car, and drive thousands of miles in order to use his kits. He would break into a stranger's house, abduct his victims in broad daylight, and kill and dispose of them in mere hours. And then he would return home to Alaska, resuming life as a quiet, reliable construction worker devoted to his only daughter. When journalist Maureen Callahan first heard about Israel Keyes in 2012, she was captivated by how a killer of this magnitude could go undetected by law enforcement for over a decade. And so began a project that consumed her for the next several years--uncovering the true story behind how the FBI ultimately caught Israel Keyes, and trying to understand what it means for a killer like Keyes to exist. A killer who left a path of monstrous, randomly committed crimes in his wake--many of which remain unsolved to this day. *American Predator* is the ambitious culmination of years of interviews with key figures in law enforcement and in Keyes's life, and research uncovered from classified FBI files. Callahan takes us on a journey into the chilling, nightmarish mind of a relentless killer, and to the limitations of traditional law enforcement.

The A to Z Encyclopedia of Serial Killers

From JFK to Marilyn--the morbid, medical, and mysterious facts

behind the most famous celebrity deaths. When a life ends tragically whether by violence or accident, pathologists perform an autopsy to determine the cause of death. It is a methodical, morbid, and necessary task. These autopsy reports, often filled with medical terminology and intriguing diagrams of the bodies we knew so well from their lives on the big screen, offer an unusual insight into the nature of death itself. The reports you'll find here provide a fascinating glimpse into the underworld that hovers just beyond the reach of the living. Includes the autopsy files or transcriptions from dozens of famous people including: Presidents: Abraham Lincoln and John F. Kennedy Politicians: Simon Bolivar, Adolf Hitler, Vladimir Lenin, and Malcolm X Assassins and Criminals: Lee Harvey Oswald, Jesse James, and Bonnie and Clyde Musicians and Movie Stars: Elvis Presley, Marilyn Monroe, Notorious B.I.G., Janis Joplin, Whitney Houston, and Ludwig Van Beethoven In a world more obsessed with celebrity than ever before, these reports are a sobering reminder of how fleeting real fame can be--and how destructive and dangerous as well. Skyhorse Publishing, as well as our Arcade imprint, are proud to publish a broad range of books for readers interested in history--books about World War II, the Third Reich, Hitler and his henchmen, the JFK assassination, conspiracies, the American Civil War, the American Revolution, gladiators, Vikings, ancient Rome, medieval times, the old West, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

They are cannibals, vampires and monsters, and they walk among us. These serial killers are not mythical beasts with horns and shaggy hair. They are people living among society, going about their day to day activities until nightfall. They are the Dennis Rader's, the fathers, husbands, church going members of the community. This A-Z encyclopedia of 150 serial killers is the ideal reference book. Included are the most famous true crime serial killers, like Jeffrey Dahmer, John Wayne Gacy, and Richard Ramirez, and not to mention the women who kill, such as Aileen Wuornos and Martha Rendell. There are also lesser known serial killers, covering many countries around the world, so the range is broad. Each of the serial killer files includes information on when and how they killed the victims, the background of each killer, or the suspects in some cases such as the Zodiac killer, their trials and punishments. For some there are chilling quotes by the killers themselves. The Big Book of Serial Killers is an easy to follow collection of information on the world's most heinous murderers.

Why We Love Serial Killers

A Thorough, Comprehensive Guide to Serial Killers for True-Crime Fans Equal parts fascinating and horrifying, the stories of serial killers like Ted Bundy and Jeffrey Dahmer have taken on a new cultural prominence with the rise of the true-crime genre. Serial Killers

An equal parts haunting and hilarious deep-dive review of history's most notorious and cold-blooded serial killers, from the creators of the award-winning Last Podcast on the Left Since its first show in 2010, The Last Podcast on the Left has barreled headlong into all things horror, as hosts Henry Zebrowski, Ben Kissel, and Marcus Parks cover subjects spanning Jeffrey Dahmer, werewolves, Jonestown, and supernatural phenomena. Deeply researched but with a morbidly humorous bent, the podcast has earned a dedicated and aptly cultlike following for its unique take on all things macabre. In their first book, the guys take a deep dive into history's most infamous serial killers, from Ted Bundy to John Wayne Gacy, exploring their origin stories, haunting habits, and perverse predilections. Featuring newly developed content alongside updated fan favorites, each profile is an exhaustive examination of the darker side of human existence. With appropriately creepy four-color illustrations throughout and a gift-worthy paper over board format, The Last Book on the Left will satisfy the bloodlust of readers everywhere.

Sons of Cain

From the author of *Serial Killers: The Method and Madness of Monsters* comes an in-depth examination of sexual serial killers throughout human history, how they evolved, and why we are drawn to their horrifying crimes. Before the term was coined in 1981, there were no "serial killers." There were only "monsters"--killers society first understood as werewolves, vampires, ghouls and witches or, later, Hitchcockian psychos. In *Sons of Cain*--a book that fills the gap between dry academic studies and sensationalized true crime--investigative historian Peter Vronsky examines our understanding of serial killing from its

prehistoric anthropological evolutionary dimensions in the pre-civilization era (c. 15,000 BC) to today. Delving further back into human history and deeper into the human psyche than Serial Killers--Vronsky's 2004 book, which has been called the definitive history of serial murder--he focuses strictly on sexual serial killers: thrill killers who engage in murder, rape, torture, cannibalism and necrophilia, as opposed to for-profit serial killers, including hit men, or "political" serial killers, like terrorists or genocidal murderers. These sexual serial killers differ from all other serial killers in their motives and their foundations. They are uniquely human and--as popular culture has demonstrated--uniquely fascinating.

The Big Book of Serial Killers

The #1 New York Times bestselling true crime author presents “a solid, compelling account of that most vicious of criminals, the random serial killer” (Library Journal). Through the 1970s and 80s, a dangerous serial killer stalked Northern California along Interstate 5. Dubbed the I-5 Strangler, Roger Kibbe was incredibly skilled at staying ahead of investigators as his victim count rose. Even after he was identified, there wasn't enough evidence to charge him with murder. Instead, investigators had to build their murder case over the course of months while Kibbe was locked up on an assault conviction. Drawing on hundreds of hours of exclusive interviews with key investigators, as well as other important figures such as the Kibbe's reclusive wife, #1 New York Times bestselling author Bruce Henderson builds a fascinating portrait of this unrepentant murderer. “Trace Evidence is a gripping, fast-paced account of what it takes to capture and make a winnable case against an elusive serial killer.” —Vincent Bugliosi, author of *Helter Skelter* "A masterful job...Lusciously detailed and immensely readable."—Booklist
