Authentic Leadership

Abandoned by her family in Plague-ridden Dominion City, eighteen-year-old Lucy Fox has no choice but to rely upon the kindness of the True Borns, a renegade group of genetically enhanced humans, to save her twin sister, Margot. But Nolan Storm, their mysterious leader, has his own agenda. When Storm backtracks on his promise to rescue Margot, Lucy takes her fate into her own hands and sets off for Russia with her True Born bodyguard and maybe-something-more, the lethal yet beautiful Jared Price. In Russia, there's been whispered rumors of Plague Cure. While Lucy fights her magnetic attraction to Jared, anxious that his loyalty to Storm will hurt her chances of finding her sister, they quickly discover that not all is as it appears and discovering the secrets contained in the Fox sisters' blood before they wind up dead is just the beginning. As they say in Dominion, sometimes it's not you it's your DNA. The True Born series is best enjoyed in order. Reading Order: Book #1 True Born

Cathy Jansen is a small-town girl with big ideas. Strong-willed and stubborn, she grows up with too much independence and not enough guidance, enjoying the wilder side of life, which ends up leading her down unforeseen paths. While still in high school, Cathy gets pregnant, and although the school suggests she quit, she is determined to carry on with her education. Despite her resolve, Cathy must learn lessons the hard way. She struggles with self-esteem and identity issues as she fights to survive the ridicule and stigma of being a teenage mother. Her difficulties lead her toward her life's purpose, teaching Cathy to trust the "little voice inside" and create a new path of success, selflessness, and meaning. Cathy begins to understand the love of Jesus as she learns the rules and reasons leading her path. Despite heartbreak and frustration, she discovers ambition and appreciation, eventually finding a way to live without fear while living in love. Cathy's journey is one of trials and tribulations, but with tenacity, she unearths herself and happiness and recognizes God. "This book is authentic, important and real-just like its author. If we all had the courage to show our struggle instead of only our triumph the way she has, the world would be a far more beautiful place." -Meghan Heritage, creator and founder of the Be Event and owner of BlueWest Properties

The Road

Every day we face some kind of frustration: flat tires, flooded basements, wounding words, a broken body, a troubled marriage—trouble comes in all shapes and sizes and can happen when we least expect it. While everyone struggles, few people have learned to struggle well. But it's not impossible! Frustrations arise when we look to people and things of this world to fill our desires, rather than to the only One who can really satisfy us. True North offers a unique, biblical paradigm that gives understanding and help to turn to God in the frustrations of life. Frustration often causes us to “go south” and react in the flesh. We grumble and grasp. God calls us to “go north” and respond to hardship with wisdom and redemptive love. Combining biblical insight with personal stories, practical help, and compelling examples, authors Gary and Lisa Heim encourage readers to turn from self-centered grumbling and grasping to Christ-centered gratitude and giving. As they read stories of hardships and trials, successes and profits, readers will see how frustrations can actually help them grow in their personal lives, in their marriages, in their parenting, and in their ministries. Believing that learning to live for God through all of life's frustration is an intentional activity for every day, the Heims also provide discussion questions at the end of each chapter to help readers apply biblical truths to situations where frustrations loom. Perfect for use in ministry settings or as a handbook for personal growth, True North shows readers how to embark on the life-giving adventure of walking with God.

When her best friend offers her a stay at the orchard in exchange for help at the farmers' markets, Lark jumps into her little car and heads to Vermont. But her night terrors don't stop. Desperate to keep her fragile state a secret, she relies on the most soft-spoken resident of the Shipley Farm to soothe her when her dreams prove too much. Zachariah is a survivor, too. It's been four years since he was tossed aside by the polygamist cult where he grew up. He's found a peaceful existence on the Shipley's farm. He's good with animals, and he's good with his hands. But getting thrown away by your own people at nineteen leaves a mark on a guy. He doesn't always know what to make of a world where movie quotes are the primary means of communication. Before hitchhiking to Vermont, he'd never watched TV or spoken on the phone. Actually, there are a lot of things he's never done. Zach and Lark slowly grow to trust one another. One night they become even closer than they'd planned. But Lark may still be too broken to trust anyone. When she pushes Zach away, he will have to prove to himself that he's good for more than farm labor. Praise for the True North series: "Utterly fantastic. Enrique's Journey

From one of the most distinguished admirals of our time and a former Supreme Allied Commander of NATO, a meditation on leadership and character refracted through the lives of ten of the most illustrious naval commanders in history In Sailing True North, Admiral Stavridis offers a lessons of leadership and character from the lives and careers of history's most significant naval commanders. He also brings a lifetime of reflection to bear on the subjects of his study--naval history, the vocation of the admiral, and global geopolitics. Above all, this is a book that will help you navigate your own life's voyage: the voyage of leadership of course,

but more important, the voyage of character. Sailing True North helps us find the right course to chart. Simply as epic lives, the tales of these ten admirals offer up a collection of the greatest imaginable sea stories. Moreover, spanning 2,500 years from ancient Greece to the twenty-first century, Sailing True North is a book that offers a history of the world through the prism of our greatest naval leaders. None of the admirals in this volume were perfect, and some were deeply flawed. But from Themistocles, Drake, and Nelson to Nimitz, Rickover, and Hopper, important themes emerge, not least that serving your reputation is a poor substitute for serving your character; and that taking time to read and reflect is not a luxury, it's a necessity. By putting us on personal terms with historic leaders in the maritime sphere he knows so well, James Stavridis gives us a compass that can help us navigate the story of our own lives, wherever that voyage takes us.

True North

In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt.

McKinley. His name was Christopher Johnson McCandless. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How McCandless came to die is the unforgettable story of *Into the Wild*. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. Digging deeply, he takes an inherently compelling mystery and unravels the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but

Bookmark File PDF True North A Journey Into Unexplored Wilderness

wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's storytelling blaze through every page. From the Trade Paperback edition.

Secret Journey to Planet Serpo

An evocative and personal history of a unique historic place in the Adirondacks. In 1968 Fran and Jay Yardley, a young couple with pioneering spirit, moved to a remote corner of the Adirondacks to revive the long-abandoned but historic Bartlett Carry Club, with its one thousand acres and thirty-seven buildings. The Saranac Lake-area property had been in Jay's family for generations, and his dream was to restore this summer resort to support himself and, eventually, a growing family. Fran chronicles their journey and, along the way, unearths the history of those who came before, from the 1800s to the present. Offering an evocative glimpse into the past, Finding True North traces the challenges and transformations of one of the world's most beautiful, least-celebrated places and the

With a singular and powerful voice, in a tightly organized narrative, she deftly weaves together two distinct strands: her own remarkable story and the history of Bartlett’s Carry.” — Philip Terrie, author of *Seeing the Forest: Reviews, Musings, and Opinions from an Adirondack Historian* “Fran Yardley—storyteller, actress, writer, and stalwart Adirondacker—takes us behind the balsam curtain to a truly magical place on the Saranac Lakes. Finding True North is the tale of families, forests, tragedy, and triumph told from the heart with deep insight. It’s a terrific, immersive read.” — Elizabeth Folwell, editor-at-large, *Adirondack Life* “Gifted storyteller Fran Yardley has harnessed her many voices to the printed page in this remarkable memoir. Yardley interweaves her firsthand experience hinged to historic documentation with her imagination as she reveals the lives and ways of those who went before and coexisted with her and Jay Yardley at Bartlett Carry. Finding True North is a must-read love story about Adirondack place and people.” — Caroline M. Welsh, Director Emerita, Adirondack Museum “In Finding True North, Fran Yardley has produced an immediate and necessary addition to the body of Adirondack literature and history. Long in the making, it is beautifully written, authoritative, and moving.” — Christopher Shaw, author of *Sacred Monkey River: A Canoe Trip with the Gods* and former editor of *Adirondack Life* “Author and master storyteller Fran Yardley tells of the early history of the aquatic Adirondack crossroads known as Bartlett Carry, the later history of the place as a club for families eager to swap conventional orbits outside the mountains for the natural world within, and the reinvention of the place by the author and her visionary late husband, Jay. Documents how 12 people, as part of a top-secret U.S. government program, traveled to the planet Serpo and lived there for 13 years • Based on the debriefing of the Serpo team and the diary of the expedition's commander • Explains how the aliens helped us reverse-engineer their antigravity spacecraft and develop technology to solve our planet-wide energy problems • Reveals how our government has an ongoing relationship with the Serpo aliens On July 16, 1965, a massive alien spacecraft from the Zeta Reticuli star system landed at the Nevada test site north of Las Vegas. Following a plan set in motion by President Kennedy in 1962, the alien visitors known as the Ebens welcomed 12 astronaut-trained military personnel aboard their craft for the 10-month journey to their home planet, Serpo, 39 light-years away. In November 2005, former and current members of the Defense Intelligence Agency--directed by Kennedy to organize the Serpo exchange program--came forward to reveal the operation, including details from the 3,000-page debriefing of the 7 members of the Serpo team who returned after 13 years on the planet. Working with the DIA originators of the Serpo project and the diary kept by the expedition's commanding officer, Len Kasten chronicles the complete journey of these cosmic pioneers, including their remarkable stories of life on an alien planet, superluminal space travel, and advanced knowledge of alien technologies. He reveals how the Ebens presented the U.S. with "The Yellow Book"--a complete history of the universe recorded holographically, allowing the reader to view actual scenes from pre-history to the present. My One True North

One of American literature's most significant authors delivers "a coming-of-age story, a familial saga of estrangement . . . A slow-burning revenge tragedy" (The New York Times Book Review). An epic tale that pits a son against the legacy of his family's desecration of the earth, and his own father's more personal violations, Jim Harrison's *True North* is a beautiful and moving novel that speaks to the territory in our hearts that calls us back to our roots. The scion of a family of wealthy timber barons, David Burkett has grown up with a father who is a malevolent force and a mother made vague and numb by alcohol and pills. He and his sister Cynthia, a firecracker who scandalizes the family at fourteen by taking up with the son of their Finnish-Native American gardener, are mostly left to make their own way. As David comes to adulthood—often guided and enlightened by the unforgettable, intractable, courageous women he loves—he realizes he must come to terms with his forefathers' rapacious destruction of the woods of Michigan's Upper Peninsula, as well as the working people who made their wealth possible. Jim Harrison has given us a family tragedy of betrayal, amends, and justice for the worst sins. *True North* is a bravura performance from one of our finest writers, accomplished with deep humanity, humor, and redemptive soul. "A provocative tale that explores the roots of wealth and privilege in America . . . Harrison's writing is superb, as always, rippling with thematic leaps and poetic insights." —The Oregonian

Loving Frank

What happens when a bad-boy celebrity rocker meets a small-town bestselling novelist? Find out in this first book in the sizzling new True series by Liora Blake, and check out First Step Forward, the first book in Liora's all-new Grand Valley series! While most novelists would consider jetting off to Hollywood for a TV interview rather exciting, small-town Montana writer Kate Mosely finds it all a bit exhausting. After losing her husband in a car accident where she was behind the wheel, Kate has finally found her bearings in the world again, rebuilding a simple but stable life. And even if that means a lot of lonely nights watching old movies and quiet days writing obituaries for her hometown newspaper, Kate's not sure she's ready for her life to change—again. Until she shares the stage—and a whole heap of carnal gazes—with rock star Trevor “Trax” Jenkins. Despite his intimidating on-stage bravado, underneath it Kate discovers a man with a Rilke poem tattooed on his arm, an appreciation for cronuts, and a snarky wit that matches her own. As she and Trevor explore their heated chemistry, the scarred parts of Kate's heart begin to heal, making room for a love so passionate it makes her want long-forgotten things equal parts naughty, heart-swelling, and joyful. But when a searing exposé in a trashy gossip magazine sends Kate running, will it threaten their chances at forever?

Journey Into Power

'A great web of interconnecting sagas' - The Scotsman 'True North is a wonder-voyage - an immrama - out into the landscape of the northern regions, but also into the mindscape of those many travellers who have been drawn irresistibly northwards over the millennia. Fluent, subtle, tough and often beautiful, True North stands alongside Peter Davidson's *The Idea of North* and Joanna Kavenna's *The Ice Museum* as a significant recent addition to the Arctic canon' - Robert Macfarlane 'A deep empathy with the land and its history runs like a golden thread through every chapter of True North.' - Sara Wheeler, *The Spectator* Gavin Francis is an accomplished teller of traveller's tales. His nuanced, often witty, observations of the people and places he encounters mean True North really gets under the skin of Europe's magical north' - *Sunday Herald* The stark, vast beauty of the remote Arctic Europe landscape has been the focus of human exploration for thousands of years. In this striking blend of travel writing, history and mythology, Gavin Francis offers a unique portrait of the northern fringes of Europe. His journey begins in the Shetland Isles, takes him to the Faroes, Iceland, Greenland, Svalbard and on to Lapland. Following in the footsteps of the region's early pioneers, Francis observes how the region has adapted to the 21st century, giving an observed insight into the lives of people he encounters along the

they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. The Road is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation. However, in mid-September the ship became locked in ice north of Siberia and drifted for nearly two years before it was crushed by ice and sank. De Long and his men escaped the ship and began a treacherous journey in extreme polar conditions in an attempt to reach civilization. Many—including De Long—did not survive. True North

I have been standing on the side of life, watching it float by. I want to swim in the river. I want to feel the current. So writes Mamah Borthwick Cheney in her diary as she struggles to justify her clandestine love affair with Frank Lloyd Wright. Four years earlier, in 1903, Mamah and her husband, Edwin, had commissioned the renowned architect to design a new home for them. During the construction of the house, a powerful attraction developed between Mamah and Frank, and in time the lovers, each married with children, embarked on a course that would shock Chicago society and forever change their lives. In this ambitious debut novel, fact and fiction blend together brilliantly. While scholars have largely relegated Mamah to a footnote in the life of America's greatest architect, author Nancy Horan gives full weight to their dramatic love story and illuminates Cheney's profound influence on Wright. Drawing on years of research, Horan weaves little-known facts into a compelling narrative, vividly portraying the conflicts and struggles of a woman forced to choose between the roles of mother, wife, lover, and intellectual. Horan's Mamah is a woman seeking to find her own place, her own creative calling in the world. Mamah's is an unforgettable journey marked by choices that reshape her notions of love and responsibility, leading inexorably ultimately lead to this novel's stunning conclusion. Elegantly written and remarkably rich in detail, *Loving Frank* is a fitting tribute to a courageous woman, a national icon, and their timeless love story. **BONUS:** This edition includes an excerpt from Nancy Horan's *Under the Wide and Starry Sky*. Advance praise for *Loving Frank*: "Loving Frank is one of those novels that takes over your life. It's mesmerizing and fascinating—filled with complex characters, deep

passions, tactile descriptions of astonishing architecture, and the colorful immediacy of daily life a hundred years ago—all gathered into a story that unfolds with riveting urgency.” —Lauren Belfer, author of *City of Light* “This graceful, assured first novel tells the remarkable story of the long-lived affair between Frank Lloyd Wright, a passionate and impossible figure, and Mamah Cheney, a married woman whom Wright beguiled and led beyond the restraint of convention. It is engrossing, provocative reading.” —Scott Turow “It takes great courage to write a novel about historical people, and in particular to give voice to someone as mythic as Frank Lloyd Wright. This beautifully written novel about Mamah Cheney and Frank Lloyd Wright’s love affair is vivid and intelligent, unsentimental and compassionate.” —Jane Hamilton “I admire this novel, adore this novel, for so many reasons: The intelligence and lyricism of the prose. The attention to period detail. The epic proportions of this most fascinating love story. Mamah Cheney has been in my head and heart and soul since reading this book; I doubt she’ll ever leave.” —Elizabeth Berg

The Narrow Road to the Deep North

Into the Wild

In the wake of continuing corporate scandals there have been few, if any, CEOs that have stepped forward as models of "doing things right"—except the former chairman and CEO of Medtronic, Bill George. George has become the unofficial spokesperson for responsible leadership—in business, the media, and academia. In *Authentic Leadership* Bill George makes the case that we do need new leaders, not just new laws, to bring us out of the current corporate crisis. He persuasively demonstrates that authentic leaders of mission-driven companies will create far greater shareholder value than financially oriented companies. During George's twelve-year leadership at Medtronic, the company's market capitalization soared from \$1.1 billion to \$460 billion, averaging 35% per year. George candidly recounts many of the toughest challenges he encountered -- from ethical dilemmas and battles with the FDA to his own development as a leader. He shows how to develop the five essential dimensions of authentic leaders—purpose, values, heart, relationships, and self-discipline. *Authentic Leadership* offers inspiring lessons to all who want to lead with heart and with compassion for those they serve. Bill George helps readers answer vital questions such as: What should I do when my personal values conflict with company business values? How do I make trade-offs between the needs of my customers, my employees, and my company's shareholders? Do I really want to devote my talents to business? *Authentic Leadership* provides a tested guide for character-based leaders and all those who have a stake in the integrity and success of our corporations.
