Very Vegetarian

From veteran food writer, recipe developer, and creator of the James Beard Award-winning *Jarvis* magazine comes an innovative approach to vegetarian cooking. What have I got to eat? It's a question we ask every time we open up the refrigerator or pantry door. It might be eggs, some cheese, and half a loaf of bread, or a box of wilting greens, garlic, and some sweet potatoes. Though these ingredients may not seem like much to make a delicious meal, recipe developer and author Lukas Volger knows it's all you need. In *Start Simple* he offers a radically new, uncomplicated, and creative approach to cooking that allows you to use what you already have on hand to make great meals you didn't think were possible. Magic can happen with just a few ingredients: sweet potatoes, tortillas, eggs, cabbage, hearty greens, beans, winter squash, mushrooms, tofu, summer squash, and cauliflower. Volger advises readers to stock up on these eleven building blocks instead of shopping for a single recipe. A protein (tofu, beans, eggs) is a foundation. A crunchy garnish (cabbage, greens) is a finishing touch. Once these structural components of a meal are established, home chefs

can throw in their own variations and favorite flavors—mixing, matching, and adding ingredients to customize their dishes. While *Start Simple* is a vegetarian cookbook—none of the recipes include meat—Volger’s approach transcends categories. His methods aren’t about subscribing to a specific dietary regimen; they are about simply recognizing and embracing the way people cook and eat today. Creating weekly meal plans based on intricate recipes sounds good, but it can be difficult to execute. Having a well-stocked pantry paired with a choose-you-own adventure guide to creating simple yet inventive meals is more practical for your average home cook.

Vegetables Unleashed

The common link between vegetarians and part-time vegetarians (flexitarians) is that they like to base their meals on vegetables. Whether this is for health, economic or moral

reasons (or a combination of all three), the fact is a flexitarian diet - one that is largely vegetarian but occasionally includes poultry, meat and seafood - is growing in popularity and is a long-term trend that cannot go ignored. Let's face it, the flexitarian or semi-vegetarian diet is the way to go: meat and fish are becoming prohibitively expensive; our current consumption cannot be sustained in years to come; and the health benefits of a vegetarian diet are well documented. But while the number of vegetarians is significant, a study by the American Journal of Clinical Nutrition found that nearly two out of three vegetarians occasionally like to eat meat, chicken or fish. The Part-Time Vegetarian Cookbook shows just how delicious, adaptable and varied this way of eating can be. Rather than taking centre stage, meat or fish are not the main focus of the recipes, which value the often under-used and under-valued vegetables, grains, legumes, nuts, eggs and dairy foods. The recipes are not about taking something away, however, but adding a new dimension and consequently widening and extending the homecook's repertoire of dishes. Organised by meal type, The Part-Time Vegetarian Cookbook features chapters on Breakfasts & Brunches, Small Bites (snacks, lunches and light meals), Weekday Suppers, Weekend Cooking, Food for Sharing (entertaining, special occasion, celebrations and al fresco) and Something Sweet. The recipes are all vegetarian, but can easily be adjusted to suit non-vegetarians.

Along with recipes for a coterie of other delights—fresh, vegetarian, accidentally vegan, and always incredible—you'll find out why Superiority Burger in New York City's East Village is the hottest ticket in North America and the surrounding continents. Superiority Burger is a cozy counter hangout filled with affordable, innovative food that is a protest against the idea that extraordinary fare is the exclusive domain of the elite. Now you can bring its blueprint for rebel compassion and culinary sophistication into your home with this cookbook; a must-read for home cooks who want something delicious, new, and imminently within their reach. The book is divided into six flavorful sections—Sandwiches, Cool Salads, Warm Vegetables, Soups and Stews, Sweets, and Pantry Recipes—and reveals the recipes for some of the restaurant's favorites: the Sloppy Dave, Burnt Broccoli Salad, Russet Potato-Coconut Soup, Tahini Ranch Romaine Salad, and, of course, the now legendary Superiority Burger. "Brooks Headley makes the best veggie burger I've ever had." —David Chang

Tapas

The number of people choosing meatless meals is on the increase. And a vegan vegetarian diet -- one without any animal products -- is an unusually healthy one because it is high in fiber, low in saturated fat, and very nutritious. "Too many vegan recipes have relied on exotic and difficult-to-find ingredients or tedious, time-consuming techniques," says Jannequin Bennett, executive chef of a restaurant in a AAA

Five Diamond, Mobile Five Star hotel. "But Very Vegetarian has recipes made with common foodstuffs that are uncommonly delicious." Very Vegetarian is presented by and introduced by 9-time Olympic gold medal winner Carl Lewis, who says that a vegan diet of fresh fruits and vegetables, whole complex carbohydrates, high quality proteins, and natural fats is the best way to ensure a person's health and longevity. In addition to a wide range of more than 250 mouth-watering recipes, Very Vegetarian includes a helpful introduction about eating vegan and 16 pages of beautiful four-color photographs. The book will help the person who is beginning to choose meatless meals by providing nutritional information and recipes featuring familiar foods and techniques. For those who have more experience with a plant-based diet, the book offers recipes that will broaden their culinary horizons. Endorsed by the Physician's Committee for Responsible Medicine.

We Fed an Island

In her latest cookbook, Deborah Madison, America's leading authority on vegetarian cooking and author of *Vegetarian Cooking for Everyone*, reveals the surprising relationships between vegetables, edible flowers, and herbs within the same botanical families, and how understanding these connections can help home cooks see everyday vegetables in new light. Destined to become the new standard reference for cooking vegetables, *Vegetable Literacy*, by revered chef Deborah Madison, shows cooks that vegetables within the same family, because of their shared characteristics, can be used interchangeably in cooking. For example, knowing that dill, chervil, cumin, parsley, coriander, anise, and caraway come from the umbellifer family makes it clear why they're

such good matches for carrots, also an umbel. With stunning images from the team behind Canal House cookbooks and website, and 150 classic and exquisitely simple recipes, such as Savoy Cabbage on Rye Toast with Gruyère Cheese; Carrots with Caraway Seed, Garlic, and Parsley; and Pan-fried Sunchokes with Walnut Sauce and Sunflower Sprouts; Madison brings this wealth of information together in dishes that highlight a world of complementary flavors.

With 200,000+ copies in print, this New York Times bestseller shares the story and the recipes behind the chef and cuisine that changed the modern-day culinary landscape. Never before has there been a phenomenon like Momofuku. A once-unrecognizable word, it's now synonymous with the award-winning restaurants of the same name in New York City (Momofuku Noodle Bar, Ssäm Bar, Ko, Má Pêche, Fuku, Nishi, and Milk Bar), Toronto, and Sydney. Chef David Chang single-handedly revolutionized cooking in America and beyond with his use of bold Asian flavors and impeccable ingredients, his mastery of the humble ramen noodle, and his thorough devotion to pork. Chang relays with candor the tale of his unwitting rise to superstardom, which, though wracked with mishaps, happened at light speed. And the dishes shared in this book are coveted by all who've dined—or yearned to—at any Momofuku location (yes, the pork buns are here). This is a must-read for anyone who truly enjoys food.

FOREWORD BY LIN-MANUEL MIRANDA AND LUIS A. MIRANDA, JR. The true story of how a group of chefs fed hundreds of thousands of hungry Americans after Hurricane Maria and touched the hearts of many more Chef José Andrés arrived in Puerto Rico four days after Hurricane Maria ripped through the island. The economy was destroyed and for most people there was no clean water, no food, no power, no gas, and no way to communicate with the outside world. Andrés addressed the humanitarian crisis the only way he knew how: by feeding people, one hot meal at a time. From serving sancocho with his friend José Enrique at Enrique's ravaged restaurant in San Juan to eventually cooking 100,000 meals a day at more than a dozen kitchens across the island, Andrés and his team fed hundreds of thousands of people, including with massive paellas made to serve thousands of people alone.. At the same time, they also confronted a crisis with deep roots, as well as the broken and wasteful system that helps keep some of the biggest charities and NGOs in business. Based on Andrés's insider's take as well as on meetings, messages, and conversations he had while in Puerto Rico, *We Fed an Island* movingly describes how a network of community kitchens activated real change and tells an extraordinary story of hope in the face of disasters both natural and man-made, offering suggestions for how to address a crisis like this in the future. Beyond that, a portion of the proceeds from the book will be donated to the

Chef Relief Network of World Central Kitchen for efforts in Puerto Rico and beyond.
